RATINGS: See "Ratings" herein

*In the opinion of McCarter & English, LLP, Bond Counsel to the County, assuming compliance by the County with certain tax covenants described herein, under existing law, interest on the Notes is excluded from the gross income of the owners of the Notes for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended ("Code") and interest on the Notes is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax imposed on individuals. However, interest on the Notes may be taken into account in determining "adjusted financial statement income" for purposes of computing the alternative minimum tax imposed on certain "applicable corporations" for tax years beginning after December 31, 2022. Under existing law, interest on the Notes and net gains from the sale of the Notes are exempt from the tax imposed by the New Jersey Gross Income Tax Act. See "TAX MATTERS" herein.*

**COUNTY OF CAMDEN, NEW JERSEY  
BOND ANTICIPATION NOTES, SERIES 2023A**

**INTRODUCTION**

This Official Statement, including the cover page and Appendices hereto, has been prepared to provide information with respect to the \$27,980,000\* principal amount of County of Camden, New Jersey Bond Anticipation Notes, Series 2023A (“Notes”) issued pursuant to the Local Bond Law of the State of New Jersey (“State”), constituting Chapter 169 of the Laws of the State (*N.J.S.A. 40A:2-1 et seq.*), as amended and supplemented (“Local Bond Law”), a bond ordinance and a resolution of the County described below.

**PURPOSE OF THE ISSUE**

The Notes are being issued by the County of Camden, New Jersey (“County”) to provide funds which will be used to temporarily refinance the repayment at maturity of a portion of the principal of certain bond anticipation notes heretofore issued by the County for the repair and/or replacement of certain County infrastructure projects in accordance with the provisions of N.J.S.A. 40:14B-40.2, including all necessary materials, improvements, appurtenances, equipment, furniture and site work related thereto.

**AUTHORIZATION FOR THE NOTES**

The County is authorized to issue the Notes pursuant to: (i) the Local Bond Law; (ii) a bond ordinance which has been duly and finally adopted by the Board of County Commissioners (“Board”) and published in accordance with the requirements of the Local Bond Law (“Bond Ordinance”); and (iii) a resolution adopted by the Board on April 20, 2023 (“Note Resolution”).

**THE NOTES**

**General**

The Notes will be issued in the aggregate principal amount of \$27,980,000\*. The Notes will be dated the date of delivery and bear interest at the rate of \_\_\_ hundredths per centum (\_\_\_%) per annum, calculated on the basis of twelve (12) thirty (30) day months in a three hundred sixty (360) day year. Individual purchases may be made in the principal amount of \$5,000 or any integral multiple of \$1,000 in excess thereof or in such amount necessary to issue the principal amount of Notes through book-entries made on the books and the records of DTC (as hereinafter defined) and its participants. See “THE NOTES — Book-Entry-Only System” below. The Notes will be dated May 23, 2023 and will mature on May 22, 2024. Payment of principal and interest on the Notes will be paid at maturity.

---

\* Preliminary, subject to change.

The Notes are *not* subject to redemption prior to maturity.

So long as The Depository Trust Company (“DTC”) or its nominee, Cede & Co., is the registered owner of the Notes, payments of the principal of and interest on the Notes will be made directly to Cede & Co., as nominee of DTC. Disbursements of such payments to the participants of DTC (“Direct Participants”) is the responsibility of DTC and disbursements of such payments to the Beneficial Owners (as hereinafter defined) of the Notes is the responsibility of the Direct Participants and Indirect Participants (as hereinafter defined) and not the County.

### **Book-Entry-Only System<sup>1</sup>**

The description which follows of the procedures and recordkeeping with respect to beneficial ownership interest in the Notes, payment of principal and interest and other payments on the Notes to Direct Participants, Indirect Participants or Beneficial Owners, confirmation and transfer of beneficial interests in the Notes and other related transactions by and among DTC, Direct Participants and Beneficial Owners, is based on certain information furnished by DTC to the County. Accordingly, no representations can be made concerning these matters and neither the Direct Participants nor the Beneficial Owners should rely on the following information with respect to such matters, but should instead confirm the same with DTC or the Direct Participants, as the case may be. Information concerning DTC and the Book-Entry-Only System has been obtained from DTC and is not guaranteed as to accuracy or completeness by, and is not construed as a representation of, the County.

DTC will act as securities depository for the Notes. The Notes will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Note certificate will be issued for the Notes, in the aggregate principal amount of the Notes, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and

---

non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC rules applicable to its Direct Participants and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of the Notes (“Beneficial Owner”) is in turn to be recorded on the Direct Participants’ and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts the Notes are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC’s procedures. Under its usual procedures, DTC mails an omnibus proxy to the County as soon as possible after the record date. The omnibus proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Redemption proceeds, if any, and principal and interest payments on the Notes will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the County on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Direct Participants and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary

practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct Participant or Indirect Participant and not of DTC, its nominee, or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, if any, and principal and interest with respect to the Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County; disbursement of such payments to Direct Participants will be the responsibility of DTC; and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct Participants and Indirect Participants. THE COUNTY CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO THE DIRECT PARTICIPANTS OR THAT THE DIRECT PARTICIPANTS OR THE INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE NOTES: (I) PAYMENTS OF PRINCIPAL, REDEMPTION PRICE, IF ANY, OR INTEREST ON THE NOTES; (II) CERTIFICATES REPRESENTING AN OWNERSHIP INTEREST OR OTHER CONFIRMATION OF BENEFICIAL OWNERSHIP INTERESTS IN THE NOTES; OR (III) REDEMPTION, IF ANY, OR OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS NOMINEE, AS THE REGISTERED OWNER OF THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE COUNTY WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO ANY DIRECT PARTICIPANT, INDIRECT PARTICIPANT OR ANY PERSON CLAIMING A BENEFICIAL OWNERSHIP INTEREST IN THE NOTES UNDER OR THROUGH DTC OR ANY DIRECT PARTICIPANT, OR ANY OTHER PERSON WHO IS NOT SHOWN IN THE REGISTRATION BOOKS OF THE COUNTY AS BEING A NOTEHOLDER. THE COUNTY SHALL HAVE NO RESPONSIBILITY WITH RESPECT TO: (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT WITH REPECT TO ANY OWNERSHIP INTEREST IN THE NOTES; (II) THE PAYMENT OF ANY AMOUNT DUE BY DTC TO ANY DIRECT PARTICIPANT, ANY INDIRECT PARTICIPANT OR ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL, REDEMPTION PRICE, IF ANY, OR INTEREST ON THE NOTES; (III) THE DELIVERY TO ANY DIRECT PARTICIPANT, ANY INDIRECT PARTICIPANT OR ANY BENEFICIAL OWNER OF ANY REDEMPTION, IF ANY, OR OTHER NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO NOTEHOLDERS; OR (IV) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS THE REGISTERED OWNER.

For every transfer and exchange of Notes, Owners requesting such transfer or exchange may be charged a sum sufficient to cover any tax, governmental charge or transfer fees that may be imposed in relation thereto, which charge may include transfer fees imposed by the County, DTC, the Direct Participant or the Indirect Participant in connection with such transfers or exchanges.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County takes no responsibility for the accuracy thereof.

**SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE NOTES, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE NOTEHOLDERS OR REGISTERED OWNERS OF THE NOTES (OTHER THAN UNDER THE CAPTION “TAX MATTERS”) SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE NOTES.**

### **Discontinuance of Book-Entry-Only System**

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving reasonable notice to the County. Under such circumstances, in the event that a successor securities depository is not obtained, Note certificates are required to be printed and delivered.

If the County would like to discontinue the use of the system of book-entry transfers of the Notes issued by it through DTC (or a successor securities depository), the County shall make such request of DTC (or a successor securities depository). Upon receipt of any such withdrawal request, (i) DTC will issue an Important Notice notifying its Direct Participants of the receipt of a withdrawal request from the County reminding Direct Participants that they may utilize DTC’s withdrawal procedures if they wish to withdraw their securities from DTC and (ii) DTC will process withdrawal requests submitted by Direct Participants in the ordinary course of business, but will not effectuate withdrawals based upon a request from the County.

In the event that the book-entry-only system is discontinued and the Beneficial Owners become registered owners of the Notes, the following provisions would apply: (i) the Notes may be exchanged for an equal aggregate principal amount of Notes in other authorized denominations, upon surrender thereof at the principal corporate trust office of the County; (ii) the transfer of any Notes may be registered on the books maintained by the County for such purpose only upon the surrender thereof to the County together with the duly executed assignment in form satisfactory to the County; and (iii) for every exchange or registration of transfer of Notes, the County may make a charge sufficient to reimburse for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer of the Notes. The Notes will be payable by check or draft mailed to the registered owners thereof.

### **Security for the Notes**

The full faith and credit of the County are irrevocably pledged for the payment of the principal of and interest on the Notes. The Notes are general obligations of the County and are secured by a pledge of the full faith and credit of the County for the payment of the principal thereof and interest thereon. The Notes are payable, if not paid from other sources from *ad valorem* taxes levied upon all the taxable property within the jurisdiction of the County without limitation as to rate or amount. See “COUNTY INDEBTEDNESS” herein.

## **Other Financings**

The County expects to sell its County College Bonds, Series 2023 via competitive sale on June 14, 2023 in the amount of \$4,313,000\*. Such bonds will be general obligations of the County and are expected to be entitled to the benefits of the provisions of the County College Bond Act, P.L. 1971, c. 12 (N.J.S.A. 18A: 64A-22.1 et seq.), as amended, pursuant to which an amount equal to one-half of the principal of and interest due on such bonds will be paid by the State of New Jersey, subject to annual appropriation by the State. The County expects to close on the sale of the bonds on June 28, 2023.

The County expects to request the Camden County Improvement Authority to issue via negotiated sale its County Guaranteed Loan Revenue Bonds (County Capital Program), Series 2023 of approximately \$19,500,000 in the Fall. Such bonds will be direct general obligations of the County.

### **CERTAIN PROVISIONS OF THE LAWS OF NEW JERSEY RELATING TO COUNTY FINANCIAL OPERATIONS**

#### **Annual Audit (N.J.S.A. 40A:5-4)**

Since 1917, every county of the State must be audited annually by a Registered Municipal Accountant of the State. The annual audit, conforming to the Division of Local Government Services “Requirements of Audit,” includes recommendations for improvement of the local unit’s financial procedures and must be filed with the county and the Director of the Division of Local Government Services (“Division”) in the State Department of Community Affairs (“Director”) prior to June 30 of each year unless extensions are granted.

The State Board of Certified Public Accountants regulates the Registered Municipal Accountant who must obtain a triennial license.

#### **Annual Financial Statement (N.J.S.A. 40A:5-12)**

An Annual Financial Statement for the fiscal year must be filed with the Director on or before January 26 of the succeeding year. The Financial Statement is prepared by the chief financial officer of the county. It reflects the results of operations of the year of the Current Fund. If there is a cash deficit in such fund it must be included in full in the succeeding year’s budget.

#### **Local Budget Law (N.J.S.A. 40A:4-1 et seq.)**

The foundation of the State’s local finance system is the annual cash basis budget. Every local unit must adopt an annual operating budget in the form required by the Division. Certain items of revenue and appropriation are regulated by law and the proposed operating budget must be certified as approved by the Director prior to final adoption of the budget by the local unit. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service, and

---

\*Preliminary, subject to change

the Director is required to review the adequacy of such appropriations. Among other restrictions, the Director must examine the budget with reference to all estimates of revenue and the following appropriations: (a) payment of interest and debt redemption charges, (b) deferred charges and statutory expenditures, (c) cash deficit of preceding year, (d) reserve for uncollected taxes, and (e) other reserves and nondisbursement items. Taxes levied are a product of total appropriations less nontax revenues plus a reserve predicated on the prior year's collection experience. Anticipated nontax revenues are limited to the amount actually realized during the previous year unless the Director certifies a higher figure. The Director is empowered to permit a higher level of anticipation, however, there should be sufficient statutory or other evidence to substantiate that such anticipation is reasonable.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review functions, focusing on anticipated revenues, serve to protect the solvency of all local units. Local budgets, by law and regulation, must be in balance on a "cash basis," i.e., the total of anticipated revenues must equal the total appropriations (N.J.S.A. 40A:4-22).

In accordance with the Local Budget Law and related regulations, each local unit must adopt and annually revise a six-year capital program. The capital program, when adopted, does not constitute the appropriation of funds, but sets forth a plan of capital expenditures which the local unit may contemplate over the six year period. Expenditures for capital purposes may be made either by ordinances adopted by the governing body which set forth the items and the methods of financing, or from the annual operating budget.

The Local Budget Law also permits the issuance of tax anticipation notes which are limited in amount by such law and must mature within 120 days of the close of the fiscal year (six months in the case of counties).

## **Revenue**

The County derives its revenue from State and Federal Aid, departmental fees and tax levy on real property. The primary source of revenue is the County taxes, which are apportioned among the constituent municipalities in proportion to their share of equalized, assessed valuation.

The municipalities in the County make quarterly payments to the County of the County taxes on February 15, May 15, August 15 and November 15 of each year.

## **Cap Law (N.J.S.A. 40A:4-45.4)**

The Cap Law imposed restrictions which limit the allowable increase on county taxes over the previous year's taxes to the lesser of two and one-half percent, or the rate of the annual percentage increase in the Implicit Price Deflator for State and Local Government purchases of goods and services, as published by the United States Department of Commerce ("Cost of Living Adjustment"). Exceptions to the limitations imposed by the Cap Law exist for, among other things, the payment of debt service; capital expenditures; extraordinary expenses approved by the Local Finance Board in the Division ("Local Finance Board") required for implementation of an interlocal services

agreement; expenditures mandated as a result of certain emergencies; and certain expenditures for services mandated by court order or Federal or State law.

Additional legislation constituting P.L. 2007, c.62, became effective on April 3, 2007, which, among other things, imposed a four percent (4%) cap on the tax levy that municipalities, counties, fire districts and solid waste collection districts may impose, with very limited exceptions and subject to certain adjustments. The exclusions from the four percent (4%) tax levy cap include: (i) increases required to be raised for debt service and certain lease payments to county improvement authorities; (ii) increases to replace certain State aid due to a reduction in State aid from the previous budget year; (iii) increases in certain pension contributions; (iv) for municipalities, any increase, greater than four percent (4%), in the reserve for uncollected taxes that is required by law; and (v) certain increases in health care costs in excess of four percent (4%).

Additionally, legislation constituting P.L. 2010, c.44, effective July 13, 2010, reduced the four percent (4%) cap on the tax of a municipality, county and school district to two percent (2%), with certain exceptions, including increases required to be raised for debt service, for pension contributions and accrued liability for pension contributions in excess of two percent (2%), for health care costs equal to that portion of the actual increase in total health care costs for the budget year that is in excess of two percent (2%) of the total health care costs in the prior year, subject to certain other limitations, and extraordinary costs incurred by a local unit directly related to a declared emergency. The voters may approve increases over two percent (2%) not otherwise permitted by a vote of a majority of the voters voting on a public question.

Neither of the tax levy limitations nor the “Cap Law” limits the obligation of the County to levy *ad valorem* taxes upon all taxable property within the jurisdiction of the County to pay debt service on its bonds or notes.

### **Miscellaneous Revenues (N.J.S.A. 40A:4-26)**

The Local Budget Law provides that: “No miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the Director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit.”

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval thereof with the exception of inclusion of categorical grants-in-aid contracts for their face amount with an offsetting appropriation. The fiscal years of such grants rarely coincide with a county’s calendar fiscal year. Grant revenues are fully realized in the year in which they are budgeted by the establishment of accounts receivable and offsetting reserves.

### **Real Estate Taxes**

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. N.J.S.A. 40A:4-29 delineates anticipation of delinquent tax collections: “The maximum which may be anticipated is the sum produced by the multiplication

of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year.”

Section 41 of the Local Budget Law provides with regard to the current taxes that: “Receipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year, shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by December 31, of such preceding fiscal year.”

Section 40 of the Local Budget Law requires that an additional amount (“Reserve For Uncollected Taxes”) be added to the tax levy required to balance the budget so that when the percentage of the prior year’s tax collection is applied to the combined total, the product will be at least equal to the tax levy required to balance the budget.

### **Deferral of Current Expenses**

Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the local unit.

However with minor exceptions, such appropriations must be included in full in the following year’s budget. When such appropriations exceed three percent (3%) of the previous year’s adopted operating budget, consent of the Director must be obtained.

### **Budget Transfers (N.J.S.A. 40A:4-58)**

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between major appropriation accounts are prohibited until the last two months of the year and, although sub-accounts within an appropriation are not subject to the same year-end transfer restrictions, they are subject to internal review and approval.

### **Capital Budget (N.J.S.A. 40A:4-43 through 40A:4-45)**

The Local Finance Board has required every local unit to prepare and to adopt a capital budget, in conjunction with its annual operating budget, for any year in which it proposes to undertake a capital project. Every local unit which adopts a capital budget shall also adopt a capital program not to exceed six years in length.

## **LIMITATION OF REMEDIES UNDER FEDERAL BANKRUPTCY CODE**

The undertakings of the County should be considered with reference to Chapter 9 of the United States Bankruptcy Code, 11 U.S.C. Sections 901 to 946 (“Bankruptcy Code”). Under Chapter 9 of the Bankruptcy Code, a municipality, a political subdivision, a public agency or an instrumentality of the State that is insolvent or unable to meet its debts may file a petition in a United States Bankruptcy Court (“Bankruptcy Court”) to adjust its debts. Chapter 9 of the Bankruptcy Code does not permit such entity to liquidate its assets and distribute the proceeds of its assets to its creditors. Chapter 9 of the Bankruptcy Code permits a financially distressed public entity to seek protection from its creditors

by staying the commencement or continuation of certain actions against such public entity while it formulates and negotiates a plan for adjustment of its debts which can be binding on a dissenting minority of creditors if it is acceptable to the majority of creditors. Should the County file a petition in the Bankruptcy Court under Chapter 9 of the Bankruptcy Code prior to the payment in full of the principal of and interest on the Notes, the holders of the Notes would be considered creditors and would be bound by the County's plan of adjustment of its debt.

Reference should also be made to N.J.S.A. 52:27-40 *et seq.* which provides that "any political subdivision" of the State as defined therein has the power to file a petition with the Bankruptcy Court under Chapter 9 of the Bankruptcy Code provided the "political subdivision" has obtained approval of the Local Finance Board. Section 903 of the Bankruptcy Code, 11 U.S.C. Section 903, specifically provides that Chapter 9 of the Bankruptcy Code does not limit or impair the power of a state to control, by legislation or otherwise, a municipality of or in such state in the exercise of the political or governmental powers of such municipality; provided, however, that a state law prescribing a method of composition of indebtedness of the municipality may not bind any creditor that does not consent to such composition and that a judgment entered under such state law may not bind a creditor that does not consent to such composition.

The above references to the Bankruptcy Code are not to be construed as an indication that the County expects to resort to the provisions of the Bankruptcy Code or that, if it did, such action would be approved by the Local Finance Board, or that any proposed plan would include a dilution of the source of payment of and security for the Notes.

## **COUNTY INDEBTEDNESS**

### **Local Bond Law (N.J.S.A. 40A:2-1 *et seq.*)**

The Local Bond Law governs the issuance of bonds and notes by a county to finance certain capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects bonded, that bonds be retired in serial installments and that cash down payments equal to at least five percent (5%) of the bond authorization be generally provided.

### **Debt Limitation (N.J.S.A. 40A:2-6)**

The net authorized bond indebtedness of a county is limited by statute, subject to the exceptions as noted below, to an amount equal to two percent (2%) of its stated equalized valuation basis. The stated equalized valuation basis of a county is set by statute as the average for the last three years of the sum total of the equalized value of all taxable real property and improvements and the assessed valuation of certain Class II railroad property within its boundaries as annually determined by the State Board of Taxation. The County is within its two percent (2%) debt limit.

### **Exceptions to Debt Limit-Extensions of Credit (N.J.S.A. 40A:2-7)**

The debt limit of a county may be exceeded with the approval of the Local Finance Board. If all or any part of a proposed debt authorization would exceed its debt limit, a county must apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the ability of a county to meet its obligations or to provide

essential services or make other statutory determinations, approval is granted. In addition to the aforesaid, debt in excess of the debt limit may be issued without the approval of the Local Finance Board to fund certain notes and for self-liquidating purposes and in each fiscal year in an amount not exceeding two-thirds of the amounts budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of obligations issued for assessments and utility purposes).

### **Short Term Financing (N.J.S.A. 40A:2-8)**

A county may issue bond anticipation notes to temporarily finance capital improvements. Bond anticipation notes, which are full faith and credit obligations, may be issued for a period not exceeding one year. They may be renewed for additional periods not exceeding one year. However, all such notes shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes.

### **The Municipal Finance Commission (N.J.S.A. 52:27-1 et seq.)**

The Municipal Finance Commission (“Commission”) was created in 1931 to assist in the financial rehabilitation of counties and municipalities which had defaulted in their obligations. The powers of the Commission are exercised today by the Local Finance Board. The previously discussed elements of the local finance system are intended to prevent default on obligations or occurrence of severe fiscal difficulties in any local unit. Should extreme economic conditions adversely affect any local unit, the “Municipal Finance Commission Statutes” are available to assist in restoring the stability of the local unit.

Any holder of bonds or notes which are in default for over sixty (60) days (for payment of principal or interest) may bring action against such local unit in the State’s Superior Court. Any local unit may declare itself unable to meet its obligations and bring action in such court. In either case, the court’s determination that the local unit is in default or unable to meet its obligations causes the Commission to become operative in that local unit.

The Commission exercises direct supervision over the finances and accounts of any local unit under its jurisdiction. The Commission is authorized to appoint an auditor to examine and approve all claims against the local unit and to serve as comptroller for that local unit. The Commission is also directed to supervise tax collections and assessments, to approve the funding of school district indebtedness, the adjustment or composition of the claims of creditors and the readjustment of debts.

The Local Finance Board also serves as the “Funding Commission” to exercise supervision over the funding or refunding of local government debt. Any county or municipality seeking to adjust its debt service must apply to and receive the approval of such Funding Commission for the proposed reorganization of its debt.

## TAX MATTERS

### **Exclusion of Interest on the Notes from Gross Income for Federal Tax Purposes**

The Internal Revenue Code of 1986, as amended (“Code”) imposes certain requirements that must be met on the date of issuance of the Notes and on a continuing basis subsequent to the issuance of the Notes in order for the interest on the Notes to be excluded from gross income for federal income tax purposes under Section 103 of the Code. Failure of the County to comply with such requirements of the Code may cause interest on the Notes to lose the exclusion from gross income for federal income tax purposes, retroactive to the date of issuance of the Notes. The County will make certain representations in its Tax Certificate, which will be executed on the date of issuance of the Notes, as to various tax requirements. The County will covenant to comply with the provisions of the Code applicable to the Notes and will covenant not to take any action or fail to take any action that would cause the interest on the Notes to lose the exclusion from gross income under Section 103 of the Code. McCarter & English, LLP, Bond Counsel to the County, will rely upon the representations made in the Tax Certificate and will assume continuing compliance by the County with the above covenants in rendering its federal income tax opinions with respect to the exclusion of interest on the Notes from gross income for federal income tax purposes and with respect to the treatment of interest on the Notes for the purposes of alternative minimum tax.

Assuming the County observes its covenants with respect to compliance with the Code, McCarter & English, LLP, Bond Counsel to the County, is of the opinion that, under existing law, interest on the Notes is excluded from the gross income of the owners of the Notes for federal income tax purposes pursuant to Section 103 of the Code, and interest on the Notes is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax imposed on individuals. However, interest on the Notes may be taken into account in determining “adjusted financial statement income” for purposes of computing the alternative minimum tax imposed on certain “applicable corporations” for tax years beginning after December 31, 2022.

**The Internal Revenue Service (“IRS”) has established an on-going program to audit State and local government obligations, which may include randomly selecting bond issues for audit, to determine whether interest paid to the holders is properly excludable from gross income for federal income tax purposes. It cannot be predicted whether the Notes will be audited. If an audit is commenced, under current IRS procedures the holders of the Notes may not be permitted to participate in the audit process, and the value and liquidity of the Notes may be adversely affected.**

### **Additional Federal Income Tax Consequences**

Prospective purchasers of the Notes should be aware that ownership of, accrual or receipt of interest on or disposition of tax exempt obligations, such as the Notes, may have additional federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and certain Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty companies,

foreign corporations and certain S corporations. Further, recent changes to federal income tax law may require that interest on the Notes be taken into account in determining “adjusted financial statement income” for purposes of computing the alternative minimum tax imposed on certain “applicable corporations” for tax years beginning after December 31, 2022. Prospective purchasers of the Notes should also consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding.

Bond Counsel expresses no opinion regarding any federal tax consequences other than its opinion with regard to the exclusion of interest on the Notes from gross income pursuant to Section 103 of the Code and interest on the Notes not constituting an item of tax preference under Section 57 of the Code. Prospective purchasers of the Notes should consult their tax advisors with respect to all other tax consequences (including, but not limited to, those listed above) of holding the Notes.

### **Changes in Federal and State Tax Law**

Federal, state or local legislation, administrative pronouncements or court decisions may affect the tax exempt status of interest on the Notes, gains from the sale or other disposition of the Notes, the market value of the Notes, or the marketability of the Notes, or otherwise prevent the owners of the Notes from realizing the full current benefit of the exclusion from gross income of the interest thereon. Any such changes to state or federal tax law could affect the tax exemption of interest on the Notes or the market price for, or marketability of, the Notes. The opinions expressed by Bond Counsel are based upon existing laws and regulations as interpreted by relevant judicial and regulatory changes as of the date of issuance of the Notes, and Bond Counsel has expressed no opinion with respect to any legislation, regulatory changes or litigation enacted, adopted or decided subsequent thereto. Prospective purchasers of the Notes should consult their own tax advisers regarding such matters.

### **State Taxation**

Bond Counsel to the County is of the opinion that, based upon existing law, interest on the Notes and net gains from the sale of the Notes are exempt from the tax imposed by the New Jersey Gross Income Tax Act.

*See Appendix C* for the complete text of the proposed form of Bond Counsel’s legal opinion with respect to the Notes.

## **LITIGATION**

Various claims of a routine nature have been asserted against the County. Except as described in Appendix A, the County Counsel believes that such claims will not have a material adverse effect on the financial condition of the County.

Upon delivery of the Notes, the County shall furnish an opinion of the County Counsel, dated the date of delivery of the Notes, to the effect that there is no litigation of any nature pending or, to the knowledge of the County Counsel, threatened to restrain or enjoin the issuance, sale, execution or

delivery of the Notes, or in any way contesting or affecting the validity of the Notes or any of the proceedings taken with respect to the issuance and sale thereof or the application of moneys to the payment of the Notes. In addition, such opinion shall state that there is no litigation of any nature now pending or, to the knowledge of the County Counsel, threatened by or against the County wherein an adverse judgment or ruling could have a material adverse impact on the financial condition of the County or adversely affect the power of the County to levy, collect and enforce the collection of taxes or other revenues for the payment of its bonds and notes, which has not been disclosed in this Official Statement.

## **RATINGS**

Moody's Investors Service ("Moody's") and S&P Global Ratings, acting through Standard & Poor's Financial Services LLC ("S&P" and together with Moody's, the "Rating Agencies"), have assigned their municipal note ratings of "MIG 1" and "SP-1+" to the Notes.

The ratings express only the views of each Rating Agency and an explanation of the significance of such note ratings may be obtained from S&P, 55 Water Street, New York, New York 10041 and Moody's, 7 World Trade Center, 250 Greenwich Street, New York, New York 10007. The County furnished to each Rating Agency certain information and materials concerning the Notes and the County. Such ratings express only the views of the respective Rating Agency. There is no assurance that the ratings will continue for any period of time or that the ratings will not be revised or withdrawn entirely if, in the Rating Agency's judgment, circumstances so warrant. Any such revision or withdrawal of the ratings may have an adverse effect on the marketability or market price of the Notes.

### **APPROVAL OF OFFICIAL STATEMENT**

The Board has adopted the Resolution approving this Official Statement and directing the delivery of copies hereof in final form to the Underwriter (as defined herein) for its use in the sale, resale or distribution of the Notes.

Upon request of the Underwriter, officials of the County will confirm to the Underwriter that the descriptions and statements contained in this Official Statement in final form are, to the best knowledge of said officials, correct in all material respects and do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

### **UNDERWRITING**

The Notes have been purchased from the County at a public sale by \_\_\_\_\_ (“Underwriter”). The Underwriter has purchased the Notes in accordance with the Notice of Sale at a purchase price of \_\_\_\_\_. The Notes are being reoffered to the public at a price of \$\_\_\_\_\_, which amount reflects the Purchase Price plus Underwriter’s compensation of \$\_\_\_\_\_. The Underwriter is obligated to purchase all of the Notes if any Notes are purchased.

The Underwriter intends to offer the Notes to the public initially at the offering yield set forth on the cover page of this Official Statement, which may subsequently change without any requirement of prior notice. The Underwriter reserves the right to join with dealers and other underwriters in offering the Notes to the public. The underwriter may offer and sell the Notes to certain dealers (including dealers depositing notes into investment trusts) at yields lower than the public offering yield set forth on the cover page of this Official Statement, and such public offering yield may be changed, from time to time, by the Underwriter without prior notice.

### **LEGALITY FOR INVESTMENT**

The State and all public officers, municipal corporations, political subdivisions and public bodies, and agencies thereof, all banks, bankers, trust companies, savings and loan associations, savings banks and institutions, building and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, money or other funds belonging to them or within their control in any notes or other obligations issued by the County, including the Notes, and such obligations are authorized security for any and all public deposits.

## **RECENT HEALTHCARE DEVELOPMENTS**

In addition to the general and financial information concerning the County set forth in "APPENDIX A - Certain Information Concerning the County", the County has provided the following information related to the effects of the global health pandemic known as "COVID-19", a new strain of coronavirus that has impacted global travel, trade and economics since late March of 2020 ("COVID-19"), upon the County.

County revenues have not been materially impacted by COVID-19. Notwithstanding the relatively unaffected overall revenue position of the County during the pendency of the pandemic to date, as set forth above (including careful budgeting for certain anticipated expenditures necessary to provide County services), COVID-19 has resulted in certain additional and unanticipated expenses of the County, including for, but not limited to, increased emergency services, core health and human services, public works and other services deemed necessary and essential for public needs. Such expenses have been, and continue to be, paid from available funds of the County and from funding under the Federal Coronavirus Aid, Relief and Economic Security Act. The County has not borrowed (and does not presently anticipate borrowing) monies to pay for any COVID-related expenses, nor does the County anticipate that this year will result in any deficit amount that would necessitate any borrowing or special emergency appropriation.

Ultimately, the County cannot predict, and does not predict, the duration, the severity or the ultimate economic impact of COVID-19 upon the County, or any intervening legislative or gubernatorial measures in response thereto, and the County makes no assurances, and cannot make any assurances, with respect to the ongoing and final impact of COVID-19 upon the County.

## **NO DEFAULT**

There is no record of default in the payment of the principal of or interest on the bonds or notes of the County.

## **CONTINUING DISCLOSURE**

In accordance with the provisions of Rule 15c2-12, as amended (the "Rule"), promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended, the County will, prior to the issuance of the Notes, enter into a certificate substantially in the form set forth in Appendix "D" hereto.

As described in this paragraph, the County has failed to provide certain secondary market disclosure pursuant to the Rule in connection with its prior continuing disclosure undertakings. The County failed to timely file a notice of an underlying rating upgrade which occurred on April 15, 2021 and the issuance of a Construction Financing Program Loan with the New Jersey Infrastructure Bank in the amount of \$1,787,266.93 dated as of June 7, 2022. Notices have now been filed.

As of the date hereof, the County has taken various steps to ensure future material compliance with the Rule.

## LEGAL MATTERS

The legality of the Notes will be subject to the approving legal opinion of McCarter & English, LLP, Newark, New Jersey, Bond Counsel to the County. Such opinion will be printed on or accompany the Notes and provide, *inter alia*, that the Notes are valid and legally binding obligations of the County, and unless paid from other sources, are payable from *ad valorem* taxes levied upon all the taxable property within the jurisdiction of the County without limitation as to rate or amount. The enforceability of rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereinafter enacted. Certain legal matters will be passed upon for the County by Emeshe Arzon, Esquire, County Counsel.

The various legal opinions and/or certifications to be delivered concurrently with the delivery of the Notes express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. **COUNTY OF CAMDEN, NEW JERSEY**

**By: \_\_\_\_\_**  
**STEVE WILLIAMS, CHIEF FINANCIAL OFFICER**

**Dated: \_\_\_\_\_, 2023**

**APPENDIX A**

**CERTAIN INFORMATION CONCERNING THE COUNTY**

## ***INTRODUCTION***

### ***General Information***

The County of Camden, New Jersey (“County”), formerly part of Gloucester County, New Jersey, was established in 1844. The County, approximately 222 square miles in area, is in the southwestern part of the State of New Jersey (“State”) along the east bank of the Delaware River opposite Philadelphia, Pennsylvania (“Philadelphia”). The Counties of Burlington, Atlantic and Gloucester border the County on, respectively, the northeast, southeast and southwest, with the Delaware River forming the western border of the County.

### ***County Government***

The County operates under the commissioner form of government. The Board of County Commissioners of the County (“Board”) consists of seven commissioner members elected at-large for three year terms on a staggered basis. Each year, the Board elects one of the commissioners to serve as Director. The Director appoints commissioners to be in charge of various committees. The Board, operating through the committee system, is charged with both executive and legislative responsibilities for: (i) formulating policies; (ii) developing new programs; (iii) appointing members of the various County commissions, authorities and boards; (iv) approving the County’s operating and capital budgets; and (v) appropriating the funds required to maintain County services.

The County Administrator, appointed by the Board, oversees the daily governmental operations of the County. Each major department is headed by an administrator who acts as liaison to the commissioner overseeing such department’s operations. Financial matters are under the supervision of the County’s Chief Financial Officer who is appointed by the Board.

### ***Organization and Management of County Government***

In 1983, the Board adopted an internal administrative reorganization the objectives of which were to: consolidate government organization; increase accountability of department and agency heads; streamline reporting requirements; and improve productivity. The Board also established an Office of Management and Budget (“OMB”) modeled after the federal OMB. Detailed monitoring reports on a monthly basis are provided by the OMB to evaluate the various departments and agencies in terms of performance and unit costs.

The County’s operating and capital budget process is initiated by departmental submissions of project requests to the OMB. The various projects are reviewed, documented with cost estimates, and prioritized against a set of weighted criteria. The projects’ listing is structured according to the availability of funds as set by the debt and capital policy of the County.

## ***PRINCIPAL ADMINISTRATIVE OFFICERS***

### ***County Administrator***

Mr. Ross G. Angilella is currently the County Administrator. He was first appointed to the position of County Administrator on September 4, 2004. Prior to his appointment as County Administrator, Mr. Angilella served as the County Purchasing Agent and an Assistant County Counsel since September 1983.

### ***Chief Financial Officer***

Mr. Steven Williams is currently the Chief Financial Officer. Mr. Williams was first appointed to the position of Chief Financial Officer on July 1, 2022. Prior to that, he had been Comptroller since January 1, 2013, and before, he served as Accounting Manager since his start with the County on June 28, 2010.

### ***COUNTY HISTORY***

In 1632, the first European settlers arrived in the area now known as Camden County. In 1688, the first ferry linking the area with Philadelphia was established. In 1773, Camden City was created at the site of Cooper's Ferry. With the building of the Camden and Amboy Railroad, the area began to grow rapidly. In 1869, Joseph Campbell and Abram Anderson formed a jelly and fruit producing enterprise, now known as the Campbell Soup Company. A machine shop owned by Eldridge Johnson became the Victor Talking Machine Company, later known as RCA Victor. Prior to World War I, Esterbrook Pen Co. and New York Shipbuilding Co. became well established. The completion of the Benjamin Franklin Bridge to center city Philadelphia in 1926 made it possible for people to live in the County and work in the Philadelphia area. The post-World War II boom and suburban communities' growth was accelerated by (i) the opening of the Walt Whitman Bridge in 1957, which provides a direct connection to the Philadelphia International Airport and (ii) the construction of The Port Authority Transit Corporation ("PATCO") high speed commuter line linking Lindenwold, in the southern part of the County, to center city Philadelphia. During the 1970s and 1980s, the County's economy diversified from principally an industrial base to high technology, corporate, financial and service businesses. Residential development pushed southeastward, principally into the Townships of Voorhees, Waterford and Winslow. Today, because of the prior commercial and residential expansion, a substantial portion of the County's physical infrastructure is in place.

### ***COMMERCIAL LOCATION***

The County is 140 miles equidistant between New York and Washington, D.C. and at the midpoint of the Boston-Richmond Northeast Corridor. Within one-day's drive of twelve states, businesses in the County have a potential market of about 60 million people, or about one-fourth of the United States market. As part of the Philadelphia Metropolitan Area, the County is an essential component of the nation's fourth largest market area. The Delaware River flows into the Delaware Bay which connects with the Atlantic Ocean and forms a deep water entrance to the docking and freight facilities situated along the County's riverfront, a part of the nation's second largest deep water port.

### ***HEALTH CARE SERVICES***

Within the County are four non-profit hospitals and eight County-operated health clinics. The non-profit hospitals are: (i) the 663-bed Cooper Hospital/University Medical Center located in Camden City; (ii) the Jefferson Health System, consisting of three divisions (two of which are located within the County - the 204-bed Cherry Hill division and the 188-bed Stratford division); (iii) the Virtua Our Lady of Lourdes Hospital, a 358-bed acute care facility located in Camden City; and (iv) the Virtua Health System, consisting of three divisions - the 128-bed Berlin division, the Camden City division providing emergency room services, and the 402-bed Voorhees division.

The Camden County Health Division's eight clinics offer services ranging from family planning and prenatal clinics to cancer detection and hypertension clinics.

## ***EDUCATIONAL FACILITIES***

### ***Public School Systems***

Within the County are 36 school districts which operate 104 elementary and middle schools and 22 high schools. In addition, the County operates two vocational-technical schools (located in Pennsauken and Gloucester Townships) which provide daytime classes with an enrollment of approximately 2,100 daytime students, and evening education to approximately 1,800 students, including adults. The two vocational-technical schools employ 262 professional and 131 non-professional personnel.

### ***Private and Parochial Schools***

Excluding private nursery schools and day care centers, there are 51 private and parochial schools for grades one through twelve within the County.

### ***Charter School/Renaissance Schools***

There are ten charter schools within the County. The annual enrollment for the charter schools is approximately 4,000 students in kindergarten through grade twelve. In addition, there are three “Renaissance Schools” in the City of Camden (“Camden City”). Established pursuant to the New Jersey Urban Hope Act, these Renaissance Schools are a newer kind of public school in New Jersey that combines the autonomy of charter schools with a direct and cooperative relationship with the school district.

### ***Higher Education***

Camden County College (the “College”) is a comprehensive public community college with campuses in Blackwood and Camden City, as well as the William G. Rohrer Center in Cherry Hill and the Regional Emergency Training Center in Gloucester Township, that serves Camden County and the surrounding area and is a vital resource for transfer education, workforce training and cultural events. The College offers associate degrees, certificate and training programs in technical fields such as automotive technology and mechanical engineering; health professions such as nursing and medical coding, and liberal arts and sciences such as English and chemistry. Additionally, the College operates the Adult Technical Institute at the Sicklerville Campus of the Camden County Technical School, and offers credit classes throughout the County in high schools, work sites, and neighborhoods. The College also has affiliations with four-year institutions such as Rutgers University, Drexel University and Thomas Jefferson University, College of Allied Health Sciences.

Rutgers - The State University of New Jersey, Camden Campus (“Rutgers”), has two four-year undergraduate liberal arts colleges, one serving students who attend classes during the day and one for those attending evening classes. In addition to liberal arts degrees offered by the Rutgers College of Arts and Sciences, there is (i) a Graduate School offering master’s degree programs in biology, business administration, English and public policy, and (ii) the School of Law, evening and day curriculum, leading to a Juris Doctor degree. In September 2012, Rutgers completed construction of a student housing project consisting of a 350-bed graduate student housing facility. (See the caption, below, entitled “DEMOGRAPHIC AND ECONOMIC INFORMATION – Camden City”).

Cooper University Hospital, located in the City of Camden, is a major teaching hospital and is affiliated with the Cooper Medical School of Rowan University (“CMSRU”) located in Camden City and Rowan University’s School of Osteopathic Medicine located in the Borough of Stratford (“SOM”). CMSRU is a four-year allopathic medical school adjacent to the Cooper Hospital complex. CMSRU opened on July 24, 2012, with its first incoming class enrolling in the Fall of 2012. (See the caption, below, entitled “DEMOGRAPHIC

AND ECONOMIC INFORMATION – High Technology”). The construction of CMSRU was financed by tax-exempt and taxable revenue bonds issued by The Camden County Improvement Authority (“CCIA”) on behalf of Rowan University.

The SOM of Rowan University is a four-year public college of osteopathic medicine located in the Borough of Stratford, New Jersey and includes Rowan University’s Graduate School of Biomedical Sciences. The college is affiliated with Cooper University Hospital. It is the only college of osteopathic medicine in the State, and, until the opening of CMSRU in 2012, was the only four-year medical school in Southern New Jersey. Established in 1976 as part of the University of Medicine and Dentistry of New Jersey (“UMDNJ”), SOM became part of Rowan University on July 1, 2013. The acquisition by Rowan University of SOM from UMDNJ was financed by tax-exempt and taxable revenue bonds issued by the CCIA on behalf of Rowan University.

Kennedy Health/University Medical Center is composed of three hospitals affiliated with the SOM of Rowan University.

### ***RECREATIONAL FACILITIES***

The County’s park system consists of 14 major parks in twelve communities consisting of 1,760 acres of land and 2,000 acres of water, nine miles of horse trails and 15 miles of bike trails. Facilities in the park system include a restaurant, football and softball fields, tennis courts, a boathouse, and a golf driving range.

### ***TRANSPORTATION FACILITIES***

#### ***Passenger***

A \$17 million Transportation Center in Camden serves as an interchange for automobiles, commuter buses and commuter rail lines. The major bus service is provided by New Jersey Transit, which provides intra-county, inter-county and interstate service, and by Greyhound, a major interstate carrier. In 2004, New Jersey Transit commenced light rail service connecting Camden City with the City of Trenton to the north and linked to the PATCO system through the Transportation Center in Camden City.

The PATCO high speed rail line, an above and below ground level 14.5 mile system from Lindenwold to center city Philadelphia is a heavily used commuter line, hosting over 200,000 commuters every week. PATCO has nine stations (with parking lots) in the County. New Jersey Transit - Rail Operations provides local rail service between Atlantic City and Philadelphia.

#### ***Freight***

Freight service by a national intrastate and interstate rail carrier, and several independently owned rail carriers, and approximately 80 trucking concerns situated in the County, is readily available for business interests. Waterborne freight arriving from or departing to overseas destinations or other ports in the United States is handled at three major cargo handling terminals. Two of the terminals, Beckett Street and Broadway, both in Camden City, are operated by the South Jersey Port Corporation, and the third, in Gloucester City, is operated by Holt Cargo Systems. Crowley Maritime operates a major private barge service terminal in Pennsauken, providing service to Puerto Rico and the Caribbean. The terminals are equipped for multi-purpose handling of piggyback, bulk, high and wide cargo, and containers or trailers on flatcar.

### ***Highway and Bridge Systems***

The County maintains over 400 miles of roads, which provide connections to east/west State Route 30 (White Horse Pike), State Route 168 (Black Horse Pike), State Route 70, the Atlantic City Expressway, and Interstate Routes 676 and 76 (the principal truck route over the Walt Whitman Bridge to the west); and to north/south State Route 130, which generally follows the Delaware River, Interstate Routes 295 and 95, the New Jersey Turnpike, and State Route 38 running in a northeasterly direction.

Within or adjacent to the County, five bridges provide the means to cross the Delaware River to Philadelphia and its environs, to industrial centers south of Philadelphia, and to the interstate highway network. The principal commuter bridge to center city Philadelphia is the Benjamin Franklin Bridge. The Betsy Ross and Tacony-Palmyra Bridges provide access to Pennsylvania north of Philadelphia, and the Walt Whitman Bridge, in the County's southwest portion, is the access route to the Philadelphia International Airport and the connection to routes heading west and southwest.

### ***UTILITIES***

Electricity and gas are provided by Atlantic City Electric (eastern half of the County), Public Service Electric and Gas Company, and South Jersey Gas Company. The Camden County Municipal Utilities Authority operates and maintains County-wide wastewater collection and treatment facilities (see the caption, below, entitled "AUTHORITIES OF THE COUNTY – Camden County Municipal Utilities Authority"). The Pollution Control Financing Authority of Camden County owns the land on which a 1,050 tons per day resource recovery facility operates (see the caption, below, entitled "AUTHORITIES OF THE COUNTY – Pollution Control Financing Authority of Camden County"). The major supplier of potable water is the New Jersey American Water Company which serves all or part of 23 municipalities in the County. The remaining 14 municipalities obtain water from wells. The New Jersey American Water Company, along with individual municipally operated water departments, draws water supplied by huge aquifers which are replenished by an annual average precipitation of 55 inches. To ensure adequate water supply in the future, the New Jersey American Water Company has constructed a new surface water supply, a new treatment facility and a new distribution system.

### ***LAW ENFORCEMENT***

#### ***Sheriff, Parks Police, Prosecutor's Office and Court System***

The County operates a Sheriff's Department and, prior to March 21, 2013 a Parks Police Department. On March 21, 2013, the Parks Police Department was abolished and all active officers were transferred to the Camden County Police Department (as hereinafter defined). The County also funds the Camden County Prosecutor's Office which includes an Investigators Unit. The County Court System, along with all New Jersey County Courts, is under the jurisdiction of the State.

#### ***Camden County Regional Police Department***

The County, after careful study and consideration, determined that a regional approach to policing services would offer certain municipalities within the County and, in particular, Camden City, a more effective and more efficient means of addressing public safety in the reality of the present environment in which crime increasingly cuts across municipal jurisdictional lines and in which municipal budgets are increasingly straining to maintain services.

In furtherance of such determination, the County has created a regional police department for the purpose of providing police services to the various municipalities contained therein, including Camden City

("Camden County Police Department"). On August 18, 2011, the County and Camden City entered into a Memorandum of Understanding ("MOU") in furtherance of the desire of the County and Camden City to create the Camden County Police Department and for such Camden County Police Department to provide policing services to Camden City. To memorialize the terms and provisions of the MOU, Camden City and the County entered into a Shared Services Agreement pursuant to which the County, by and through the Camden County Police Department, has agreed to provide police services to Camden City through a subdivision of the Camden County Police Department known as the Metro Division ("Metro Division") in exchange for certain consideration to be paid by Camden City for such services.

As part of the process of creating the Camden County Police Department, and in particular the Metro Division, the County, Camden City and the Department of Community Affairs, Division of Local Government Services of the State of New Jersey ("DLGS") have entered into an agreement pursuant to which all costs associated with the operation of the Metro Division are fully funded by Camden City and the DLGS.

**Retirement Systems and County Pension Plan**

Generally, all full-time or qualified County employees who began employment after 1944 must enroll in one of two pension systems (Public Employees Retirement System (“PERS”) or Police and Firemen’s Retirement System (“PFRS”)) depending upon their employment status. These systems were established by acts of the State Legislature. Benefits, contributions, means of funding and the manner of administration are set by the State. The Division of Pensions within the State’s Department of Treasury is the administrator of these systems. The County is a member of PERS and PFRS. PERS and PFRS are evaluated every year by the State with employee contribution rates normally determined by the rate applicable at the age of enrollment.

**Public Employee’s Retirement System (PERS)**

PERS included 1039 eligible County employees as of December 31, 2022.

**Police and Firemen’s Retirement System (PFRS)**

831 eligible County police officers and fire fighters were enrolled in PFRS as of December 31, 2022.

**Federal Social Security System**

The County is not delinquent in its payments to the federal Social Security System (“OASI”).

**County Pension Plan**

The County’s pension plan is known as “The Detectives’, Sheriff Officers’ and Probation Officers’ Pension Plans” and is not actuarially funded by the County. Accordingly, actuarial valuations are not prepared. However, the County has a direct pension liability extending over the lives of the beneficiaries and their spouses. Employees hired after November 30, 1963 were not eligible to join the plan. The audited plan trust fund balance at December 31, 2022 was \$151,889.

## ***County Insurance Programs***

The County is partially self-insured for Medical and Prescription Drug coverages, Property Damage, Automobile/General Liability, Crime and Workers' Compensation, with excess insurance on all coverages. The County and its boards, agencies, authorities and commissions presently purchase insurance or self-insure against risks of damage to persons or property of third parties, workers' compensation claims and claims against public officials through the Camden County Insurance Commission (the "Commission"), established on January 21, 2010, by Board resolution pursuant to N.J.S.A. 40A:10-6. The Commission is governed by three County officials who serve as commissioners and are appointed by the Board. Excess insurance is managed by the New Jersey Counties Excess Joint Insurance Fund, established in March 2010. As of December 31, 2022, member counties in New Jersey include the County, the County of Gloucester, the County of Union, the County of Burlington, the County of Cumberland, the County of Atlantic, the County of Mercer, the County of Hudson, the County of Ocean and the County of Monmouth.

For fiscal year 2022, the County budgeted \$43,721,516 as its share of the cost to provide various types of insurance coverage. Of this, \$43,296,516 was attributable to health care and health-related coverage. The \$425,000 balance is the annual assessment to the Camden County Insurance Commission for providing insurance for general and automobile liability, workers' compensation and bonding of public officials.

## ***COUNTY FINANCIAL OPERATIONS***

### ***Basis of Accounting***

The accounting policies of a local governmental unit in the State must conform to the accounting principles applicable to local governmental units which have been prescribed by the Division of Local Government Services of the New Jersey Department of Community Affairs. The following is a summary of the significant policies:

**Basis of Accounting** -- A modified accrual basis of accounting is followed with minor exceptions. Revenues are recorded as received in cash, except for certain amounts that may be due from the State. Expenditures are recorded on an accrual basis. Appropriation reserves covering unexpended appropriation balances are automatically created on December 31 of each year and recorded as liabilities, except for amounts that may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred or entered into during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

**Interfunds** -- Interfund receivables in the Current Fund (discussed below) are recorded with offsetting reserves. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Fixed Assets** -- Property and equipment purchased through the Current Fund and the General Capital Fund (discussed below) are recorded as expenditures at the time of purchase and are not capitalized.

***Current Fund***

A local governmental unit finances its operations primarily through the Current Fund. All tax receipts and most revenues are paid into the Current Fund and substantially all expenditures made by appropriations are paid from the Current Fund. The County operates on a January 1 to December 31 fiscal year.

***General Expenditures***

Expenditures are comprised of those made for general County purposes, certain expenditures made from restricted federal, State and private grants, certain federal or State mandated expenditures, deferred charges, debt service and capital improvements. Budgeted expenditures for general County purposes include payments made primarily in support of the County's various departments.

## ***REVENUE SOURCES***

Revenue sources for the County's operations consist of miscellaneous revenues, federal and State assistance and/or grants, and the monies received from the County's taxes levied by the respective municipalities in the County. The County's principal revenue source is from taxes. Increased costs of certain services, such as insurance and public safety, have resulted in an increased tax levy in recent years.

### ***Apportionment of County Purpose Taxes***

Taxes for County purposes are based upon the equalized valuation, as calculated by the County's Board of Taxation, of all taxable property within the County. The County purpose taxes are apportioned among the County's constituent municipalities based upon the ratio that each municipality's equalized valuation bears to the total equalized valuation of all taxable property in the County. (It should be noted that taxes for municipal and school purposes are based on assessed valuations.)

### ***Tax Collection Procedure***

The municipalities within the County are the political entities responsible for the levying and collection of taxes on all taxable property within their borders, including the tax levy for the County. Four payments are due (August 1, November 1, February 1 and May 1).

Importantly, since the County's fiscal year runs from January 1 through December 31, the County's revenues for the first half of its fiscal year result from a levy established the previous July 1 (which is based on the prior year's budgetary needs). However, any adjustments necessary due to a change in budget from one year to the next are factored into the tax levy calculated in the middle of the County's fiscal year.

Property taxes are based on a municipality's assessor's valuation of real property on an assessed valuation basis, as confirmed by the County's Board of Taxation.

Each municipality is required to pay to the County its share of the County purpose tax on the 15th day of February, May, August and November. The County receives 100% of its share of the taxes collected from the first taxes collected by each municipality. If a municipality has not remitted in full to the County its share of omitted and added taxes by December 31 of the year of tax levy, a municipality has until February 15 of the year immediately following (45 days) to pay in full the amount due to the County.

This new school currently has approximately 400 medical school students along with approximately 150 staff members. In addition, this 200,000 square foot state-of-the-art research facility helps to bring a critical mass to the area.
- Coriell Institute: Coriell is researching genome informed medicine, innovating advances in pre-clinical discovery, and supporting significant research around the world. Coriell has a strong history in cell biology by playing an important role in stem cell research. Coriell's biobank manages the world's most diverse collection of cell lines, DNA, and other biomaterials gathered and distributed for use by the international biomedical research community.
- MD Anderson Cancer Center at Cooper: The new MD Anderson Cancer Center at Cooper brings together MD Anderson's expertise and Cooper's regional leadership in a partnership that opens up a broader range of options for cancer patients in South Jersey, Delaware and the greater Philadelphia region. Opened in 2013, MD Anderson Cancer Center at Cooper is a state-of-the-art, \$100 million, four-story, 103,050 square foot comprehensive cancer center on Cooper's Health Sciences Campus in Camden City which expands access to outstanding cancer care for residents of southern New Jersey and beyond.
- The Rowan University/Rutgers-Camden Joint Board of Governors: The Rowan University/Rutgers-Camden Joint Board of Governors (the "Board of Governors") was created by the New Jersey Medical and Health Sciences Education Restructuring Act which took effect on August 22, 2012. The Board of Governor's mission reflects an extension of Camden's significant "eds and meds" presence and is expected to leverage the educational and research assets to support growth in the region's health care capacity. This state-of-the-art research building is open and becoming the center for research in the City.

### ***Multifamily Residential:***

Rutgers University purchased the former Camden County Prosecutor’s Office across from Camden City Hall for \$4.5 million. This project allowed the University to create 20,000 sq. ft. of classroom space on campus and moved administrative offices to the former Prosecutor’s Office.

## **Cherry Hill Township:**

### ***Health Care Services:***

Cherry Hill Township has seen a number of construction projects that have focused on health service providers. The first project is the transformation of the old 150,000 square foot “Syms” building to a state-of-the-art medical complex which houses a division of the University of Pennsylvania Health System. This project has allowed the Health System to consolidate services into one building.

Another project is the expansion of Jefferson Health’s (formerly Kennedy Health System) Cherry Hill campus. The recently completed \$80 million project transformed the old hospital to a world class healthcare facility. The development added over 100,000 square feet of new outpatient space along with a new 600 plus parking garage. This new “medical mall” is bringing new outpatient services that include everything from a same-day surgery center, a sleep/balance center, a hyperbaric wound center, outpatient imaging services, physical rehabilitation, physician offices and other services.

### ***Mixed-Use:***

Over the past year, the retail sector in Cherry Hill remains strong along with the construction of new restaurants and other entertainment venues. The section of Haddonfield Road in the Township continues to see extensive growth with tenants like Shake Shack, Trader Joe’s and

others all opening new spaces in the Township. In addition, several shopping centers that have seen vacancy have all been filled with nontraditional uses such as gyms, yoga studios and other uses.

**Gloucester City:**

Housing has been a big initiative for the City over the last year as the City has embarked in an effort to rehabilitate existing housing throughout the City. This effort looks to improve and modernize the housing stock throughout the City. In addition, over the last several years, Gloucester City has enhanced its valuable waterfront properties by making infrastructure improvements to Freedom Pier and attracting businesses to the City. Two new eating establishments have opened to increase quality dining options for residents and visitors. These restaurants have created over 100 permanent jobs for local residents. In addition to retail and dining, the waterfront offers Gloucester City unique opportunities with the local marine terminal.

**Gloucester Township:**

August 2015 saw the opening of a new 450,000 square foot premium outlet shopping center located along Route 42. This project has brought new jobs and retail space to this section of the County. In addition, the Township, along with private developers, opened a another significant shopping area on Berlin-Cross Keys Road, a major roadway in the County and right off the Atlantic City Expressway. The Township has been very successful in retaining and attracting commercial, industrial and public/private businesses like US Vision. They have expanded and attracted business on the County-owned Lakeland Complex including an Armed Forces and Public Safety Training facility plus senior housing units.

**Pennsauken Township:**

Aside from Camden City, Pennsauken Township has seen a significant number of NJEDA tax incentive projects. Older, abandoned warehouses are being converted to manufacturing and other spaces. It is estimated that over one million square feet of office and industrial space has been rehabilitated as a result of the availability of this tax incentive program. The companies taking advantage of the incentives range from high-tech manufacturing to warehousing and distribution. The companies have either relocated to the Township from other areas or have expanded within the Township. This growth has led to the stabilization of the industrial parks within the Township.

The businesses which have been awarded tax incentives by the NJEDA in the Township include:

The Township, in cooperation with the CCIA, has undertaken the redevelopment of an approximately 35-acre tract at the intersection of Routes 73, 130 and 90 (“Crossroads Site”)

pursuant to which the Township and the CCIA have acquired and prepared the Crossroads Site for commercial and residential redevelopment (referred to herein as the “Crossroads Project”). On April 7, 2016, the CCIA sold a 31-acre residential portion of the Crossroads Site to Renaissance Partners, LLC (the “Redeveloper”). In late 2018, this project rebranded as Haddon Pointe, completed the first phase and second phases of construction of 240 market rate residential apartment units, a clubhouse, a pool, a dog park, walking trails and related amenities. The Crossroads Project will also offer 189 townhomes for which pad site preparation and construction is almost complete.

**White Horse Pike Corridor:**

New housing is under construction along the White Horse Pike section of Clementon Borough. The first 50 units of a 200-unit town-house complex are complete. This residential project is part of a multimillion dollar redevelopment project to bring mixed-use development to the Borough.

In Somerdale Borough, “CooperTowne Business District” is a renamed industrial complex that is now focusing on redevelopment. The Borough recently added Flying Fish Brew Company to the business district. Flying Fish Brew Company is located immediately adjacent to the retail complex, and its opening demonstrates the value of the redevelopment efforts and the positive outgrowth to other areas in the Borough and throughout the White Horse Pike corridor.

**Voorhees Township:**

The Route 73 corridor continues to see major development projects. The Virtua Health System Voorhees Campus continues to drive the growth of the corridor. New support services for the hospital have developed, including a 110 room hotel. In addition to hotels, assisted living facilities continue to grow in the area. A recently constructed senior care facility was completed along with a major physical therapy center. Samaritan Hospice is constructing an inpatient hospice facility adjacent to the Virtua campus which will add to the “Medical Mile” as another key anchor for the corridor. As the medical facilities grow so do retail facilities along the corridor. New stores and restaurants continue to open.

**Winslow Township:**

The Camden County Municipal Utilities Authority completed a \$50 million dollar construction project to provide 25 miles of sewer pipelines. This project has allowed the township to jumpstart new projects including a new 30,000 square foot CarMax used car super store to be located along Cross Keys road. In addition, new housing opportunities and retail projects have all gained momentum with the completion of the sewer project.

## ***COUNTY DEBT INFORMATION***

### ***General Information***

The State has enacted certain statutes regulating the authorization and issuance of debt by governmental units. The statutory gross debt must include all debt authorized plus all debt issued which remains outstanding. Debt, bonds or notes, which have been refunded, and payment for which is made from escrowed U.S. Treasury securities or other permitted investments, is considered defeased. However, any debt which is self-supporting or which is payable from other sources may be deducted from the statutory gross debt to arrive at the amount of statutory net debt. The statutory net debt figure is the amount used to determine whether a local governmental unit is within the limit of its statutory borrowing power.

Subject to certain exceptions, the County's debt incurring power is limited by State statute to 2.00% of the equalized valuation, determined annually by the State, of all taxable property within the County (see "-Statutory Borrowing Power" below). The County's general purpose bonds must be issued in serial form with the first principal payment to occur within one year of an issue's date and the final maturity not to exceed the weighted average useful life of the capital improvement(s) funded with the proceeds of such general purpose bonds. Subject to certain exceptions, general purpose bonds must be sold on a competitive bid basis and the amount bid for a bond issue may not exceed \$1,000 above or be less than the principal amount of a bond issue. Except in certain instances, refunding bonds may be sold, at public or private sale, with the approval of the New Jersey Local Finance Board (the "LFB"). Notes may be sold on a competitive, negotiated, or private sale basis for a period of one year, and may be renewed annually, but the final maturity may not exceed the first day of the fifth month immediately following the end of the tenth fiscal year following the original date of issuance.

### ***Appropriation Not Required for Payments on Debt***

It is not necessary to have an appropriation in order to release money for debt service on obligations. N.J.S.A. 40A:4-57 provides that "No officer, board, body or commission shall, during any fiscal year, expend money (except to pay notes, bonds or interest thereon), incur any liability, or enter into any contract which by its terms involves the expenditure of money for any purpose for which no appropriation is provided, or in excess of the amount appropriated for such purpose." N.J.S.A. 40A:2-4 provides that "The power and obligation of a local government unit to pay any and all bonds and notes issued by it pursuant to this Chapter, or any act of which this Chapter is a revision, shall be unlimited...."

### ***Limitation on Tax Levy/Appropriations***

Chapter 68 of the Pamphlet Laws of 1976 (N.J.S.A. 40A:4-45.1, et seq.), as amended and supplemented (the "CAP law"), imposes restrictions which limit the allowable increase in the County's tax levy/appropriations over the previous year's tax levy/appropriations to the lesser of 2.5% or the increase in the Implicit Price Deflator for State and Local Government Purchases of Goods and Services as published by the United States Department of Commerce (the "Cost-of-Living Adjustment"). If the Cost-of-Living Adjustment is equal to or less than 2.5%, an increase up to 3.5% will be permitted upon adoption by the County of a resolution after public notice and a public hearing. This limitation does not apply to: (i) all debt service payments; (ii) the amount of revenue generated by the increase in valuations within the County based solely on applying the preceding year's County tax rate to the apportionment valuation of new construction or improvements within the County and such increase shall be levied in direct proportion to said valuation; (iii) capital expenditures funded by any source; (iv) an increase involving certain defined categories of emergency temporary appropriations as approved by the LFB in certain cases; (v) amounts required to be paid pursuant to any contract between the County and any political subdivision or public body in connection with the provision and/or financing of projects for certain public purposes such as water, sewer, solid waste, parking, senior citizens' housing (subject to the

review and approval of the LFB) or any similar purpose; or (vi) that portion of the County tax levy which represents funding to participate in any federal or State aid program and amounts received or to be received from federal, State or other funds in reimbursement for local expenditures.

Additionally, legislation constituting P.L. 2007, c.62, effective April 3, 2007, imposed a 4% cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for debt service and capital lease payments to county improvement authorities, increases to replace certain lost state aid, increases in certain pension contributions, increases in the reserve for uncollected taxes required for municipalities, and certain increases in health care costs over 4%. The LFB may approve waivers for certain extraordinary costs identified by statute and voters may approve increases over 4% not otherwise permitted by a vote of 60% of the voters voting on a public question.

Additionally, legislation constituting P.L. 2010, c.44, effective July 13, 2010, reduces the 4% cap on the tax of a municipality, county and school district to 2%, with certain exceptions, including increases required to be raised for debt service, for pension contributions and accrued liability for pension contributions in excess of 2%, for health care costs equal to that portion of the actual increase in total health care costs for the budget year that is in excess of 2% of the total health care costs in the prior year, subject to certain other limitations, and extraordinary costs incurred by a local unit directly related to a declared emergency. The voters may approve increases over 2% not otherwise permitted by a vote of a majority of the voters voting on a public question.

The CAP law does not limit the obligation of the County to levy *ad valorem* taxes upon all taxable real property within the jurisdiction of the County to pay debt service on its bonds or notes.

## **COUNTY LITIGATION**

From time to time, the County is the subject of litigation initiated by plaintiffs seeking monetary judgments against the County. When the County is determined to be liable in such instances, the judgment against the County generally is paid from self-insurance funds and/or applicable liability insurance policies maintained by the County (see “County Insurance Programs” under the general heading “SUMMARY OF LABOR RELATIONS, BENEFITS AND INSURANCE” herein).

## **AUTHORITIES OF THE COUNTY**

Under laws creating authorities, a local governmental unit may enter into a contract or agreement to borrow funds from an authority or, under a guaranty or deficiency type of agreement, guarantee debt service payments on debt issued by an authority. If a local governmental unit borrows funds from an authority, such borrowing is not included in a local governmental unit’s statutory gross debt. If a local governmental unit guarantees all or any part of an authority’s outstanding debt, the portion of debt service not payable from an authority’s revenues and which is guaranteed by a local governmental unit must be included in a local governmental unit’s statutory net debt amount.

The County has created three County-wide authorities: the Camden County Municipal Utilities Authority, The Camden County Improvement Authority and the Pollution Control Financing Authority of Camden County (collectively the “Authorities”). A description of each Authority and its respective outstanding debt is set forth below.

***The following information applies to each of the Authorities and should be noted. None of the Authorities has the power to levy or collect taxes. The debt issued by any one of the Authorities is neither a debt nor a liability of the State, the County (except to the extent of any deficiency agreement or guaranty or other agreement), nor any other political subdivision of the State, except the respective Authority, and does not and shall not create or constitute any indebtedness of the State, the County (except to the extent of any deficiency agreement or guaranty or other agreement), or any other political subdivision of the State, except the respective Authority.***

### ***Camden County Municipal Utilities Authority***

The Camden County Municipal Utilities Authority (“CCMUA”) is a public body corporate and politic of the State and was originally created as the Camden County Sewerage Authority (“Sewerage Authority”) by a resolution of the County adopted on December 5, 1967. The Sewerage Authority was reorganized in 1972 as a utilities authority and changed its name to the Camden County Municipal Utilities Authority pursuant to a resolution of the County adopted on April 13, 1972. The CCMUA operates under the supervision of nine commissioners who are appointed by the Board for five-year staggered terms. The County has entered into a deficiency agreement with the CCMUA (“Deficiency Agreement”) whereby the County is obligated to pay to the CCMUA any annual charges equal to any deficits in CCMUA revenues necessary to pay or provide for: (i) operation and maintenance expenses of the CCMUA’s regional sewer system, (ii) principal and interest payments on bonds and notes of the CCMUA in an aggregate principal amount not to exceed \$685,500,000, and (iii) the maintenance of reserves required under the bond resolution securing the CCMUA’s bonds and notes. The obligation of the County pursuant to the provisions of the Deficiency Agreement is a direct and general obligation of the County, and any annual charges are ultimately payable by the County from the levy of *ad valorem* taxes on all the taxable real property within the jurisdiction of the County in amounts sufficient to enable the County to meet its obligations under the Deficiency Agreement. ***To date, no payments have been required to be made by the County pursuant to the Deficiency Agreement.*** The County and the CCMUA may agree to amend the Deficiency Agreement at any time to increase the obligations of the County thereunder.

The CCMUA owns and operates a sewage collection and treatment system which serves all County residents connected to local sewer collection systems. The CCMUA's system does not include the local sewage collection system of any CCMUA participant, but it owns and operates interceptor sewer lines connecting the local systems to the CCMUA's sewage treatment facilities.

The CCMUA is required to charge and collect service charges for the use of its facilities such that revenues of the CCMUA will at all times be adequate to pay all operating and maintenance expenses, including reserves, insurance, extensions and replacements, and to pay punctually the principal of and interest on any bonds and notes of the CCMUA and to maintain reserves and sinking funds therefor as may be required by the terms of any agreements with the holders thereof.

The gross debt as of December 31, 2022 for the CCMUA was \$193,185,104. The County guarantees up to \$685,500,000 of debt issued by the CCMUA.

***The Camden County Improvement Authority***

The Camden County Improvement Authority (“CCIA”) is a public body corporate and politic of the State and was created by a resolution of the Board, adopted on March 20, 1979. The CCIA operates under the supervision of five members who are appointed by the Board for five-year staggered terms. The following table identifies those CCIA transactions in which the payment of debt service is secured either by payments pursuant to a County lease or loan agreement and/or a County guaranty. The CCIA has undertaken other bond issues; however, repayment of the debt in those transactions is secured by sources other than the County.

The CCIA has never failed to make timely payment of the principal of and/or interest on any of the bonds, notes or obligations described below.

The County has never failed to make timely payment of any payment obligations due pursuant to an agreement with the CCIA and pledged by the CCIA as security for CCIA bonds. **The County has never been required to make a payment pursuant to its guaranty of CCIA bonds or notes.**

In addition to the CCIA bond transactions listed in the table above, on October 21, 2004, the County entered into an Intergovernmental Reimbursement Agreement (“Reimbursement Agreement”), by and between the County and the CCIA, pursuant to the terms of which the County agreed to satisfy in their entirety the obligations of the CCIA to repay the principal of and interest on a loan in the original aggregate principal amount of \$1,000,000 advanced by the Delaware River Port Authority (“DRPA”) to the CCIA in 2006, in connection with a portion of the financing necessary to construct a boathouse facility (including, without

limitation, a launching dock and a viewing gallery) located on the banks of the Cooper River along North Park Drive in the Township of Pennsauken. The repayment of the loan commences 39 months after the funds were released by the DRPA, payable in quarterly installments of \$15,197.04 over 23 years. Interest accrues at 2% beginning three years after the release of funds by the DRPA. Pursuant to the terms of the Reimbursement Agreement, the obligations of the County thereunder are subject to appropriation, by the Board, of the principal of and interest on the amounts due thereunder for such respective fiscal year, during the term of such Reimbursement Agreement.

Further, in August of 2003, the CCIA and the Casino Reinvestment Development Authority ("CRDA") entered into an Intergovernmental Agreement ("Crossroads IGA"), pursuant to which the CRDA agreed to provide certain funds for the purpose of assisting the CCIA with the development and construction of the Crossroads Project. Such payments were to be made by allocating (by way of fund reservation) certain funds from the CRDA's South Jersey Project Fund. The CRDA ultimately provided \$16,500,000 in grant funding to the CCIA, which was used by the CCIA to repay certain notes issued by the CCIA to finance the costs of acquisition of the Crossroads Site, environmental remediation, development and site preparation to allow for the undertaking of the Crossroads Project. As part of the conditions for the CRDA's grant of funds, County was required to deliver to the CRDA a Payment and Performance Bond in the amount of \$16,500,000 ("County P&P Bond"), which could be called upon to complete the Crossroads Project if not otherwise completed by the CCIA or its designated developer (i.e., the Redeveloper). The County P&P Bond has subsequently been reduced to \$13,327,293 based upon certain repayments made to the CRDA by the CCIA pursuant to the Crossroads IGA. In addition, as a result of the substantial completion of the Crossroads Project, the CCIA, the County and the CRDA are actively seeking to terminate and release the County P&P Bond as permitted by the Crossroads IGA. However, as of the date hereof, the County P&P Bond remains outstanding.

### ***Pollution Control Financing Authority of Camden County***

Pursuant to the New Jersey Pollution Control Financing Law, constituting Chapter 376 of the Pamphlet Laws of 1973 of the State of New Jersey (N.J.S.A. 40:37C-1 et seq.), as amended and supplemented ("Pollution Control Law"), and the Solid Waste Management Act, constituting Chapter 39 of the Pamphlet Laws of 1970 of the State of New Jersey (N.J.S.A. 13:1E-1 et seq.), as amended and supplemented ("Solid Waste Management Act"), the State Legislature initiated a comprehensive statutory mechanism for the management of solid waste disposal in the State. Subsequently, as a result of certain rulings, the management of solid waste disposal within the State changed. See "The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit" below.

Acting pursuant to the Pollution Control Law, the Board established the Pollution Control Financing Authority of Camden County ("PCFA") which implemented a County-wide solid waste disposal and resource recovery system, consisting of two primary components.

The first component is a 1,050 ton-per-day mass burn, waste-to-energy, facility, located in Camden City ("Resource Recovery Facility"). The Resource Recovery Facility was constructed and is owned and operated by Camden County Energy Recovery Associates, L.P. ("Partnership"), a New Jersey limited partnership. Prior to August 19, 2013, the general partner of the Partnership was a second-tier wholly-owned subsidiary of Foster Wheeler Ltd. On August 19, 2013, the prior general partner sold its partnership interest in the Partnership to a subsidiary of Covanta Energy Corporation.

Two solid waste franchises were granted by the New Jersey Department of Environmental Protection ("NJDEP"), which franchises, when granted, collectively required the disposal and processing of the municipal solid waste generated in each municipality within the County to occur at the Resource Recovery Facility and the Landfill (as hereinafter defined). The disposal and processing of the solid waste generates electrical energy, which is sold by the Partnership to an electric utility pursuant to a power purchase agreement. The second component is the Pennsauken Sanitary Landfill ("Landfill") where disposal of bypass waste and residue from the operation of the Resource Recovery Facility and disposal of construction and demolition waste take place.

## ***The Financing of the Solid Waste Management System of the County***

In order to finance the infrastructure required to implement the County's solid waste management system, including the construction of the Resource Recovery Facility, several series of bonds were previously issued by the PCFA, all of which have been fully amortized or paid. Accordingly, there are no remaining outstanding debt obligations of the PCFA related to the implementation of the County's solid waste management system.

Notwithstanding the foregoing, the PCFA has specific ongoing reimbursement obligations pursuant to and in accordance with that certain Emergent Funding and Reimbursement Agreement, dated November 29, 2010, between the PCFA and the State, acting by and through the NJDEP ("Reimbursement Agreement").

Pursuant to the Reimbursement Agreement, the PCFA was permitted to utilize certain unrestricted and restricted funds of the PCFA, and the State agreed to appropriate and provide certain monies to the PCFA, in an amount sufficient to pay the final principal payment and interest due on the PCFA's then-outstanding solid waste resource recovery revenue bonds ("Remaining Bond Payment"). Specifically, pursuant to the Reimbursement Agreement: (i) the PCFA utilized \$1,550,305.55 of available funds in its bond indenture accounts; (ii) the PCFA utilized \$3,449,694.45 of its unrestricted funds; (iii) the State provided \$2,100,000 in funds to the PCFA from funds made available pursuant to an appropriation in the Fiscal Year 2011 Appropriations Act; and (iv) pursuant to an administrative consent order executed by the Commissioner of the NJDEP, dated November 29, 2010, the PCFA was permitted to utilize \$10,106,062.50 from its Statutory Escrow Accounts ("Statutory Accounts") and \$8,000,000 from its Board of Public Utilities Closure Account ("BPU Closure Account" and together with the Statutory Accounts, the "Restricted PCFA Funds"), for the purpose of making the Remaining Bond Payment.

As a condition to the utilization of the Restricted PCFA Funds, the terms and provisions of the Reimbursement Agreement require the PCFA to provide annual reimbursement to the Restricted PCFA Funds of the amounts previously withdrawn, together with accrued interest thereon ("Total Reimbursement Amount"), in whole or in part, as applicable, by depositing certain available funds of the PCFA (including certain appropriations made by the State, if available) back into the PCFA Restricted Funds over a term of years ("NJDEP Reimbursement"). Specifically, the PCFA is required to include in its annual budget, beginning with its budget for fiscal year 2011, an amount equal to the "Estimated Net Available Funds" of the PCFA, which includes the estimated funds available for the reimbursement of the Restricted PCFA Funds, calculated as the estimated total annual gross receipts, revenues and proceeds estimated to be received by the PCFA from operations, dispositions or any other source, less all anticipated expenditures for such fiscal year, including, without limitation, all operating costs, payments on indebtedness, general and administrative expenses, and all reserves of the PCFA. On December 31 of such year, the PCFA is required to deposit into the Restricted PCFA Funds the actual amount of funds then available, together with any available appropriations made by the State to the PCFA in such year, for purposes of paying all or a portion of the Total Reimbursement Amount. Any amounts due and owing relative the Total Reimbursement Amount shall be carried over into the subsequent year until such time as the Total Reimbursement Amount is paid in full (anticipated within five (5) years from 2011). The parties to the Reimbursement Agreement are presently negotiating a Term Sheet regarding potential modifications of the Reimbursement Agreement. Until such negotiations are completed and the modifications of the Reimbursement Agreement are executed, the terms of the Reimbursement Agreement remain unchanged. At the present time, it is not possible to determine when the PCFA will be able to complete the reimbursement of the escrow funds. The Reimbursement Agreement provides that the reimbursement obligation shall continue from year to year until such time as the reimbursement obligation has been paid in full.

## ***The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit***

On May 1, 1997, in Atlantic Coast Demolition & Recycling, Inc. v. Board of Chosen Freeholders of Atlantic County, 112 F.3d. 652 (3d Cir. 1997), the United States Court of Appeals for the Third Circuit held that New Jersey's solid waste management system unconstitutionally discriminates against out-of-state operators of waste disposal facilities and, therefore, violates the Commerce Clause of the United States Constitution. Certain parties in the Atlantic Coast litigation filed a petition for writ of certiorari with the United States Supreme Court

seeking a review of the decision of the Third Circuit. On November 10, 1997, the United States Supreme Court denied the petition for writ of certiorari.

Based upon the Atlantic Coast decision, the method used to select and operate the Resource Recovery Facility and the Landfill as the facilities designated for the disposal of all of the solid waste generated by each municipality within the County appeared to unconstitutionally restrict interstate commerce.

On January 29, 1996, following an interim ruling in the Atlantic Coast case which invalidated regulatory flow control for certain construction and demolition waste (“C&D Waste”), the PCFA reduced tipping fees for C&D Waste delivered to the Landfill to a reduced market rate. On November 17, 1997, following the denial of certiorari by the United States Supreme Court in the Atlantic Coast case, the Partnership unilaterally reduced system tipping fees being collected by the Partnership at the Resource Recovery Facility to a level less than that imposed by the PCFA. This was a response by the Partnership to price competition and the resulting decrease in the volume of solid waste being delivered for processing at the Resource Recovery Facility. Since that time, tipping fees at the Resource Recovery Facility have been reduced and/or increased to a market competitive rate in an effort to maximize operating revenues.

### ***The Response of the County to the Atlantic Coast Decision***

In an attempt to address, among other things, the structure of the County’s solid waste management plan in the aftermath of the Atlantic Coast decision, on September 18, 1997, the Board adopted a resolution authorizing an amendment to the solid waste management plan of the County. The plan amendment is entitled “A Strategy for the Disposal of Solid Waste Generated Within the Camden County Solid Waste Management District and for the Satisfaction of Solid Waste Disposal Related Debt Obligations After the Implementation of the Atlantic Coast Court Decision” (“September 1997 Solid Waste Management Plan Amendment”). The September 1997 Solid Waste Management Plan Amendment directed that the PCFA procure disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. Further, the PCFA was directed to continue to aggregate its disposal and administrative costs and impose a unified tipping fee on all waste collected for disposal within the County.

On November 14, 1997, the Commissioner of the NJDEP issued a certification with respect to the September 1997 Solid Waste Management Plan Amendment of the County (“NJDEP Certification”). The NJDEP granted approval with regard to that aspect of the September 1997 Solid Waste Management Plan Amendment governing the procurement of disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. However, since the procurement process had not yet been completed, such NJDEP approval of this aspect of the September 1997 Solid Waste Management Plan Amendment was made contingent upon receipt by the NJDEP of a subsequent amendment or administrative action that documents the awarding of a nondiscriminatory bid contract(s).

Finally, the NJDEP determined to be unenforceable the establishment by the September 1997 Solid Waste Management Plan Amendment of flow control during the interim period between judicial abrogation of the then current disposal contracts and the completion of the procurement of new disposal capacity in a manner that does not discriminate against interstate commerce. The NJDEP has concluded that the lifting by the Third Circuit of the District Court’s stay of the injunction against the enforcement of flow control precludes even this interim control of flow as anticipated by the September 1997 Solid Waste Management Plan Amendment.

For the purpose of responding to the remaining issues cited by the NJDEP Certification, on December 29, 1997, the Board adopted a resolution authorizing a further amendment to the solid waste management plan of the County. The plan amendment is entitled “A Modified Strategy for the Disposal of Solid Waste Generated within the Camden County Solid Waste Management District, Following the November 10, 1997 Implementation of the Atlantic Coast decision, and Following the New Jersey Department of Environmental Protection’s Acceptance in Part, Rejection in Part and Remand in Part of Camden County Plan Amendment 81-9-97 Adopted September 18, 1997” (“December 1997 Solid Waste Management Plan Amendment”). In compliance with the NJDEP Certification, the December 1997 Solid Waste Management Plan Amendment deleted from the solid waste management plan of the County the establishment of flow control during the

interim period between judicial abrogation of the disposal contracts and the completion of procurement of new disposal capacity in a manner that does not discriminate against interstate commerce.

The December 1997 Solid Waste Management Plan Amendment was submitted to the NJDEP for consideration of approval. On June 29, 1998, the Commissioner of the NJDEP issued a certification with respect to the December 1997 Solid Waste Management Plan Amendment. The NJDEP, among other things, (i) approved the deletion of the reference to the retention of regulatory flow control during the interim period prior to completion of nondiscriminatory reprocurement, and (ii) approved the inclusion of a strategy to complete a nondiscriminatory procurement process and to thereby regulate the flow of waste as a market regulator (although the NJDEP stressed that separate approval of the actual results of such reprocurement will be required).

On December 5, 1997, the PCFA opened bids and proposals submitted with respect to the reprocurement by the PCFA of solid waste disposal services. For a period of time thereafter, the bids and proposals, as well as supplements thereto solicited by the PCFA during 2000, were considered by the PCFA and its professional advisors. During a portion of such period, the PCFA engaged in substantive negotiations with the Partnership, as one of the responding proposers, for the purpose of attempting to agree upon the final terms and conditions of a long-term solid waste services disposal agreement. Upon the completion of such process, the contract for the reprocurement of solid waste disposal services was awarded by the PCFA to the Partnership. Such contract between the PCFA and the Partnership (the "Reprocurement Agreement") was signed on July 25, 2001, and on such date such Reprocurement Agreement was submitted by the PCFA to the State for approval, in satisfaction of applicable statutory requirements. In response to the submission to the State by the PCFA, the State submitted questions to the PCFA via interrogatories. The PCFA responded to the interrogatories of the State on November 5, 2001 and has not received further communication from the State with regard to the Reprocurement Agreement. The period during which the State may approve or reject the Reprocurement Agreement has lapsed. The obligations of the PCFA and the Partnership pursuant to the terms of the Reprocurement Agreement were subject to the satisfaction of certain conditions precedent identified in the Reprocurement Agreement. Such conditions precedent were not satisfied by the specified date and, therefore, the Reprocurement Agreement has automatically terminated. No further reprocurement agreements were executed. The 1985 Service Agreement between the PCFA and the Partnership expired on July 1, 2011.

### ***Proposed Dissolution of the PCFA***

The County has preliminarily determined that the best interests of the residents of the County would be served by the dissolution of the PCFA to be accomplished pursuant to the requirements of the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1, et seq., as amended and supplemented ("Local Authorities Fiscal Control Law"), including N.J.S.A. 40A:5A-20. The County has also preliminarily determined that the dissolution of the PCFA could result in savings to the County by reducing overall costs by combining operations and providing services in a more efficient manner.

In connection with the proposed dissolution, the County, the PCFA and the CCIA have collectively preliminarily determined that it would be in the best interests of the residents of the County for the CCIA to: (i) upon dissolution, on a going-forward basis, assume the responsibility and otherwise provide for the payment of all creditors or obligees of the PCFA, (ii) assume ownership of the Landfill, and (iii) provide all of those services previously provided by the PCFA. On April 14, 2011, the Commissioners of the CCIA adopted a resolution preliminarily authorizing the CCIA, upon dissolution, on a going-forward basis, to assume responsibility and otherwise provide for the payment of all creditors and obligees of PCFA upon dissolution of PCFA and to assume ownership and operation of the Landfill ("CCIA Assumption Resolution").

Finally, the PCFA has preliminarily determined to voluntarily accede to the dissolution and to cooperate with the County and the CCIA in connection with the dissolution and transfer of the Landfill and other assets of the PCFA to CCIA. To that end, the PCFA adopted resolutions on March 22, 2011 and May 24, 2011, preliminarily authorizing the dissolution and the transfer of the PCFA's assets and liabilities to the CCIA.

Pursuant to Section 20 of the Local Authorities Fiscal Control Law, the PCFA may be dissolved by the County, subject to approval of the Local Finance Board. On May 19, 2011, the Board of the County introduced an ordinance authorizing the dissolution of the PCFA and making certain other determinations in connection therewith (“Dissolution Ordinance”). The Dissolution Ordinance provides, as a condition to dissolution, for the CCIA to provide, upon dissolution, on a going-forward basis, for the payment of all creditors and obligees of the PCFA (including the NJDEP). The CCIA Assumption Resolution provides for the CCIA, upon dissolution, on a going-forward basis, to be responsible for all of the PCFA’s outstanding obligations (including the NJDEP Reimbursement) and for the provision of all the services previously provided by the PCFA, including ownership and operation of the Landfill and to take possession of any and all assets and property (including real property), rights and privileges of the PCFA, including contract rights, permits, claims, defenses, causes of action, and all tangible and intangible interests.

In accordance with the Local Authorities Fiscal Control Law, the County and the CCIA may in the future complete an application to be submitted to the Local Finance Board seeking approval for the final adoption of the Dissolution Ordinance. As of the date hereof, however, no such application has been filed. If an application is made and approved by the Local Finance Board for the final adoption of the Dissolution Ordinance, the County, the PCFA and the CCIA shall undertake and complete all legal and procedural requirements necessary to effectuate the dissolution of the PCFA and the transfer of the PCFA’s assets and liabilities to the CCIA as described above. Additionally, upon determination to proceed with the filing of an application to the Local Finance Board, the PCFA and the CCIA shall undertake and complete all necessary procedural and legal requirements relative to the transfer of the Landfill and related assets to the CCIA upon dissolution of the PCFA.

### ***Litigation Concerning the Pennsauken Sanitary Landfill***

The PCFA acquired the Pennsauken Sanitary Landfill (“Landfill”) from the Township of Pennsauken (“Pennsauken”) and the Pennsauken Solid Waste Management Authority (“PSWMA”) in December 1991, pursuant to the provisions of the Amended and Restated Operations Transfer Agreement, dated October 11, 1991 (the “AROTA”), among the PCFA, the PSWMA, Pennsauken and the County. Prior to that time, the Landfill was operated by the PSWMA on land owned by Pennsauken. Since acquisition the PCFA has continued to operate the Landfill for disposal of bypass waste, residue from the operation of the Resource Recovery Facility, and the disposal of construction and demolition waste.

There are long-standing claims regarding the remediation of the contamination of the Landfill. The PSWMA executed an Administrative Consent Order (“ACO”) with the New Jersey Department of Environmental Protection in December 1988. The ACO obligated the PSWMA to remediate contamination caused by the Landfill. The PCFA assumed the remediation obligations of the PSWMA pursuant to the AROTA. The PCFA, PSWMA and Pennsauken were plaintiffs in ongoing litigation seeking the recovery of costs associated with remediation necessary pursuant to the ACO. Counterclaims were made against Pennsauken. Pennsauken was represented by counsel for one of its insurance carriers. Trial in this litigation commenced on January 20, 2009. By the end of the second day of trial, all claims in the litigation were settled in principle. The PCFA and some defendants continue to review and execute settlement agreements. Pursuant to the settlement agreements, all defendants have been given releases and indemnification protection by the PCFA and Pennsauken. Settlement documents with Ward Sand and Materials Company and James D. Morrissey, Inc. (the “Ward Sand parties”) (the prior landfill owner and operator) are in the process of being finalized. In the meantime, the Ward Sand parties have satisfied their payment obligations. Pursuant to the ACO, the PCFA is primarily responsible for the liability associated with the contamination at the Landfill either directly as a successor to the PSWMA under the ACO or indirectly through the indemnification provisions of the AROTA. In the event that the litigation settlement proceeds are not sufficient to remediate the contamination at the Landfill, Pennsauken could be potentially responsible pursuant to the indemnification provisions in the various settlement agreements. Additionally, it is possible that the County could be responsible for all or a portion of such liability under the AROTA. To date, \$15,603,370.29 in settlement proceeds have been collected from all of the settling parties. Recent estimates project that the PCFA has sufficient funds to complete its remediation obligations. They are premised on the designed system accomplishing the remediation as presently designed. Design modifications could be necessary. Additionally, it is presently anticipated that the remediation can accomplish the desired goals in approximately 10-30 years.

Contingencies could arise which could impact the design of the remediation system or the length of time in which it must be in operation. For example, the NJDEP has recently requested that the PCFA investigate additional contaminants detected in nearby potable water supply wells. It is the PCFA's position that this a regional issue and not attributable solely to the PCFA. This investigation is ongoing. Therefore, it is impossible to determine at this time what the exact cost of the PCFA's remediation obligations will be. While it is impossible to estimate the likelihood of such an outcome, any such liability of the PCFA and/or the County could have a material adverse impact upon their respective financial conditions. In the event of a dissolution of the PCFA, any existing or potential liabilities of the PCFA would pass to the CCIA.

Members of the County Board of Commissioners  
County of Camden  
Camden, New Jersey 08102

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the County of Camden, State of New Jersey, as of December 31, 2021 and 2020, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed asset group of accounts - regulatory basis for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### ***Unmodified Opinions on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the County of Camden, State of New Jersey, as of December 31, 2021 and 2020, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis and expenditures - regulatory basis of the various funds, and general fixed asset group of accounts - regulatory basis, for the year ended December 31, 2021, in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in note 1.

#### ***Adverse Opinion on Accounting Principles Generally Accepted in the United States of America***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America* section of our report, the accompanying financial statements referred to above do not present fairly the financial position of the County of Camden, State of New Jersey, as of December 31, 2021 and 2020, or the results of its operations and changes in fund balance for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions on Regulatory Basis of Accounting***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America***

As described in note 1 to the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying supplemental statements and schedules presented for the various funds, as listed in the table of contents, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The accompanying supplemental statements and schedules presented for the various funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplemental statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated February 13, 2023 on our consideration of the County of Camden's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Camden's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Camden's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

The Honorable Director and  
Members of the County Board of Commissioners  
County of Camden  
Camden, New Jersey 08102

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial statement audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, of the County of Camden, State of New Jersey, as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated February 13, 2023. That report indicated that the County of Camden's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County of Camden's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Camden's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Camden's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County of Camden’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**COUNTY OF CAMDEN  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2021**

---

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Description of Financial Reporting Entity** - The County of Camden, formerly part of Gloucester County, was established in 1844. The County, approximately 222 square miles in area, is in the southwestern part of the State of New Jersey along the east bank of the Delaware River opposite Philadelphia, Pennsylvania. The counties of Burlington, Atlantic and Gloucester border the County on, respectively the northeast, southeast and southwest, with the Delaware River forming the western border of the County.

The County operates under the commissioner form of government. The Board of Commissioners consists of seven commissioner members elected at-large for three-year terms on a staggered basis. Each year, the board elects one of the Commissioners to serve as Director. The Director appoints Commissioners to be in charge of various committees. The Board, operating through the committee system, is charged with both executive and legislative responsibilities for: (1) formulating policies; (2) developing new programs; (3) appointing members of the various County commissions, authorities and boards; (4) approving the County's operating and capital budgets; and (5) appropriating the funds required from the thirty-seven municipal subdivisions of the County to maintain all County services.

The County Administrator, appointed by the Board, oversees the daily governmental operations. Each major department is headed by an administrator who acts as liaison to the Commissioner overseeing such department's operations. Financial matters are under the supervision of the County's Chief Financial Officer.

**Component Units** - The financial statements of the component units of the County are not presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended. If the provisions of the aforementioned GASB Statement, as amended had been complied with, the financial statements of the following component units would have been either blended or discretely presented with the financial statements of the County, the primary government:

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** - The financial statements of the County contain all funds and account groups in accordance with the *Requirements of Audit* (the "*Requirements*") as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the *Requirements* are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these *Requirements*. In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this note.

In accordance with the *Requirements*, the County accounts for its financial transactions through the use of separate funds and an account group which are described as follows:

**Current Fund** - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

**Trust Funds** - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

**General Capital Fund** - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

**General Fixed Asset Group of Accounts** - The general fixed asset group of accounts is utilized to account for property, land, buildings, and equipment that have been acquired by other governmental funds.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Budgets and Budgetary Accounting** - The County must adopt an annual budget in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the County to introduce and approve the annual budget no later than January 26 of each year. At introduction, the County shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the county. The public hearing must not be held less than eighteen days after the date the budget was introduced. After the hearing has been held, the County may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the County's financial statements.

**Cash, Cash Equivalents and Investments** - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost; therefore, unrealized gains or losses on investments have not been recorded.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

The cash management plan adopted by the County requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

**Interfunds** - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**General Fixed Assets** - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and *Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Part 200, §200.12), except that the useful life of such property is at least five years. The County has adopted a capitalization threshold of \$5,000, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at acquisition value as of the date of the transaction. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The County is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a statement of general fixed asset group of accounts, reflecting the activity for the year, must be included in the County's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that include accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage, or theft.

**Deferred Charges** - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

**Fund Balance** - Fund Balance included in the current fund represents amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

**Revenues** - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from federal and state grants is realized when anticipated as such in the County's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the County's current fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the County which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

**Property Tax Revenues** - Every municipality in the county is responsible for levying, collecting and remitting county taxes for the County of Camden. Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1 and are due and payable to the County of Camden by February 15, May 15, August 15, and November 15. Operations for every municipality are charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations for every municipality are charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

**Expenditures** - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal and interest payments on outstanding general capital debt are provided on the cash basis.

**Appropriation Reserves** - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as income.

**Long-Term Debt** - Long-term debt, relative to the acquisition of capital assets, is recorded as a liability in the general capital fund.

**Compensated Absences and Postemployment Benefits** - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

**Note 2: CASH AND CASH EQUIVALENTS**

**Custodial Credit Risk Related to Deposits** - Custodial credit risk is the risk that, in the event of a bank failure, the County's deposits might not be recovered. Although the County does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized as noted below.

As of December 31, 2021, the County's bank balances of \$361,581,768.59, \$5,106,611.08 was uninsured and uncollateralized.

The amounts contributed on behalf of the local participating employers under this legislation is considered to be a *special funding situation* as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the local participating employers related to this legislation.

**Actuarial Assumptions**

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. This actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

	<b><u>PERS</u></b>	<b><u>PFRS</u></b>

**Note 6: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)****Public Employees' Retirement System**

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

**Police and Firemen's Retirement System**

Pre-retirement mortality rates were based on the PubS-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the PubS-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on Scale MP-2021.

For both PERS and PFRS, in accordance with State statute, the long-term expected rate of return on Plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' and PFRS' target asset allocation as of June 30, 2021 are summarized in the table that follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>

**Note 6: PENSION PLANS (CONT'D)****Actuarial Assumptions (Cont'd)****Discount Rate -**

**Public Employees' Retirement System** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.16% as of the June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers would be based on 100% of the actuarially determined contributions for the State and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments to determine the total pension liability.

**Police and Firemen's Retirement System** - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 2.16% as of June 30, 2021 measurement date based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on Plan investments was applied to all projected benefit payments to determine the total pension liability.

**Note 6: PENSION PLANS (CONT'D)****Sensitivity of Proportionate Share of Net Pension Liability to Changes in the Discount Rate**

**Public Employees' Retirement System (PERS)** - As previously mentioned, PERS has a special funding situation, where the State of New Jersey pays a portion of the County's annual required contribution. As such, the net pension liability as of the June 30, 2021 measurement date, for the County and the State of New Jersey, calculated using a discount rate of 7.00%, as well as using a discount rate that is 1% lower or 1% higher than the current rates used, is as follows:

**Police and Firemen's Retirement System (PFRS)** - As previously mentioned, PFRS has a special funding situation, where the State of New Jersey pays a portion of the County's annual required contribution. **Pension Plan Fiduciary Net Position**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (benefit) expense, information about the respective fiduciary net position of the PERS and PFRS and additions to/deductions from PERS and PFRS' respective fiduciary net position have been determined on the same basis as they are reported by PERS and PFRS. Accordingly, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Note 7: COMPENSATED ABSENCES**

County employees are entitled to paid sick leave each year. The various Union contracts and or years of service define the number of sick leave days that can be earned. Accumulated sick leave may be carried forward until retirement. Unused sick benefits may be paid upon retirement. Union contracts define which employees are entitled to receive compensation for unused sick leave and the rate of pay at which they will be paid.

Unused vacation days for the year may be accumulated and carried forward up to a maximum of one year allowed vacation time.

All full time union employees are entitled to time off (Comp-Time) in lieu of receiving pay for overtime worked at the rate of one and one half hours for every hour worked.

Unused Comp-Time may be accumulated and carried forward indefinitely and upon termination or retirement must be paid in full at the employees' current rate of pay.

The County has established a Compensated Absences Trust Fund to set aside funds for future payments of compensated absences. At year end the balance of the fund was \$893,705.74. It is estimated that at December 31, all accrued time is valued at \$12,748,071.20 which is a net decrease of \$887,526.94 from last year.

**Note 8: DEFERRED COMPENSATION SALARY ACCOUNT**

The County offers its eligible employees two Deferred Compensation Plans in accordance with Internal Revenue Code Section 457, which have been approved by the Division of Local Government Services. The first plan is a contributory plan available to all eligible employees at their option. The second plan is a contributory plan available only to employees who work for Camden County One Stop and are not eligible to join the PERS system. These plans permit the employees to defer a portion of their salaries to future years. The amounts so deferred are not available to the employees until termination, retirement, death or unforeseeable emergency.

The County also offers the employees of Camden County One Stop, a non-contributory Variable Defined Contribution Plan in order to give those employees who cannot belong to the PERS system benefits similar to the other employees. This plan consists of contributions made by the employer on behalf of the employees at the same rate as if they were members of the PERS system. The contributions are not vested until the fifth year of participation.

All deferred compensation plan assets, including those deferred under Section 457, must be held in trust for the exclusive benefit of participating employees and not be accessible by the County or its creditors. Since the County does not have a fiduciary relationship with any of these Plans, the balances and activities of the Plans are not reported in the County's financial statements.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS****General Information about the State Health Benefit Local Government Retired Employees Plan**

**Plan Description and Benefits Provided** - The County contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit ("OPEB") plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the "State"), Division of Pensions and Benefits' (the "Division") annual financial statements, which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the participating employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****General Information about the State Health Benefit Local Government Retired Employees Plan (Cont'd)**

**Contributions** - The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members.

The County was billed monthly by the Plan and paid \$13,396,250.86, for the year ended December 31, 2021, representing 10.49% of the County's covered payroll. During the year ended December 31, 2021, retirees were required to contribute \$12,891.84 to the Plan.

**Special Funding Situation Component** - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1997. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB Plan.

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer. The participating employer is required to disclose in their respective notes to the financial statements, an expense and corresponding revenue, and their proportionate share of the OPEB expense allocated to the State under the special funding situation.

The amount of actual contributions to the OPEB Plan made by the State, on-behalf of the County, is not known; however, under the special funding situation, the State's OPEB expense, on-behalf of the County, is (\$583,675.00) for the year ended December 31, 2021, representing (-0.46%) of the County's covered payroll.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****OPEB Liability, OPEB (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

**OPEB Liability** - At December 31, 2021, the County's and State's proportionate share of the net OPEB liability were as follows:

County's Proportionate Share of Net OPEB Liability	\$ 513,312,361.00
State of New Jersey's Proportionate Share of Net OPEB Liability Associated with the County	<u>4,277,458.00</u>
	<u>\$ 517,589,819.00</u>

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021.

The County's proportion of the net OPEB liability was based on the ratio of the Plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2020 through June 30, 2021. For the June 30, 2021 measurement date, the County's proportion was 2.851770%, which was an increase of 0.786503% from its proportion measured as of the June 30, 2020 measurement date.

The State's proportion of the net OPEB liability, on-behalf of the County was based on the ratio of the Plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2020 through June 30, 2021. For the June 30, 2021 measurement date, the State's proportion on-behalf of the County was 0.110776%, which was a decrease of 3.540332% from its proportion measured as of the June 30, 2020 measurement date.

**OPEB (Benefit) Expense** - At December 31, 2021, the County's proportionate share of the OPEB (benefit) expense, calculated by the Plan as of the June 30, 2021 measurement date, is \$86,368,873.00. This (benefit) expense is not recognized by the County because of the regulatory basis of accounting as described in note 1; however, as previously mentioned, for the year ended December 31, 2021, the County made contributions to the Plan totaling \$13,396,250.86.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****OPEB Liability, OPEB (Benefit) Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources (Cont'd)**

The County will amortize the above other deferred outflows of resources and deferred inflows of resources related to the OPEB liability over the following number of years:

**Actuarial Assumptions**

The actuarial assumptions vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021, used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases *	
PERS:	
Initial Fiscal Year Applied:	
Rate through 2026	2.00% to 6.00%
Rate Thereafter	3.00% to 7.00%
PFRS:	
Rate for all Future Years	3.25% to 15.25%

---

\* salary increases are based on years of service within the respective Plan

PERS mortality rates were based on Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.

PFRS mortality rates were based on Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

**Note 9: POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)****Actuarial Assumptions (Cont'd)**

All of the Plan's investments are in the State of New Jersey Cash Management Fund (the "CMF"). The New Jersey Division of Investments manages the CMF, which is available on a voluntary basis for investment by State and certain non-State participants. The CMF is considered to be an investment trust fund as defined in GASB Statement No. 31, *Certain Investments and External Investment Pools*. The CMF invests in U.S. government and agency obligations, commercial paper, corporate obligations and certificates of deposit. Units of ownership in the CMF may be purchased or redeemed on any given business day (excluding State holidays) are the unit cost of value of \$1.00. Participant shares are valued on a fair value basis. The CMF pay interest to participants on a monthly basis.

**Discount Rate** - The discount rate used to measure the OPEB liability at June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

**Health Care Trend Assumptions** - The health care trend assumptions used is as follows:

**OPEB Plan Fiduciary Net Position**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB (benefit) expense, information about the respective fiduciary net position of the State Health Benefits Local Government Retired Employees Plan and additions to/deductions from the Plan's respective fiduciary net position have been determined on the same basis as they are reported by the Plan. Accordingly, contributions (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Supplementary OPEB Information**

In accordance with GASBS No. 75, the following information is also presented for the State Health Benefits Local Government Retired Employees Plan. These schedules are presented to illustrate the requirements to show information for 10 years; however, until a full 10-year trend is compiled, this presentation will only include information for those years for which information is available.

**Other Notes to Supplementary OPEB Information**

**Changes in Benefit Terms** - The actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021, included changes due to employers adopting and /or changing Chapter 48 provisions.

**Changes in Assumptions** - The discount rate used as of the June 30 measurement date is as follows:

<u>Year</u>	<u>Rate</u>	<u>Year</u>	<u>Rate</u>
2021	2.16%	2018	3.87%
2020	2.21%	2017	3.58%
2019	3.50%		

The expected investment rate of return is based on guidance provided by the State. These expected rates of return are the same as the discount rates listed above.

In addition to changes in the discount rate, other factors that affected the valuation of the net OPEB liability included changes in the trend and updated mortality improvement assumptions.

In October 2021, the Society of Actuaries (SOA) released an updated set of life expectancy mortality improvement assumptions, Scale MP-2021. The MP-2021 scale reflects more recent mortality data for the U.S. population.

A revised Annual Debt Statement should be filed by the Chief Financial Officer.

**Note 12: DEFEASED DEBT**

In prior years, the County defeased certain general obligation bonds by placing the proceeds of new bonds in a separate irrevocable trust fund. The investments and fixed interest earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt is considered defeased and therefore removed as a liability from the County's financial statements. As of December 31, 2021, the total amount of defeased debt outstanding, but removed from the County's financial statements, is \$96,050,000.00.

**Note 13: INMATE WELFARE FUND**

The Camden County Prisoners' Welfare Fund accounts for the receipt and disbursement of funds for prisoners' welfare operations of a general nature, including the accounting for inmates' deposits and commissary functions. Each inmate is charged a user fee of \$35 at the time of admission into the facility. Additionally, after the first week of served time, each inmate's account is charged \$5 rent per day. The Welfare Fund accounts for inmates' wages earned by performing various work functions throughout the correctional facility and charges to inmates for medical visits. The inmate's account is credited at \$1.25 per day for work performed.

The latest audit report for the Inmate Welfare Fund, as of December 31, 2008, indicates a balance due and payable to the County of Camden in the amount of \$1,159,053.32. The balance due is comprised of the user fee, as defined in the preceding paragraph, the medical co-pay inmates are charged for medical visits and the salaries of employees assigned to inmate welfare duties.

The County of Camden financial records do not include a receivable to match the Inmate Welfare Fund payable because the County has deemed the receivable as uncollectible. Future payments from the Inmate Welfare Fund will be recorded as revenue when received.

The County realized revenue as follows:

<u>Year</u>	<u>Revenue Realized</u>	<u>Year</u>	<u>Revenue Realized</u>
2021	None	2016	\$250,000.00
2020	None	2015	250,000.00

2018	None	2013	250,000.00
2017	\$250,000.00	2012	250,000.00

**Note 14: RESERVE FOR INTEREST REBATE**

The Tax Reform Act of 1986 placed restrictions on the investments of the proceeds of certain tax-exempt bonds issued after December 31, 1986. Specifically, investment earnings which are above arbitrage bond yield are required to be rebated to the United States Treasury Department within sixty days of the end of the fifth bond year. A bond year is defined, at the option of the issuing entity, as either the date of the first anniversary of bond settlement or the issuing entity's fiscal year end.

The County established a reserve account in 1989, in case a rebate payment was required. At December 31, 2021 the County has a reserve balance of \$88,600.05. The County may need to establish additional reserves to fund any actual rebate liability, should the amount exceed the current reserve at the time a final calculation is performed to determine the actual rebate liability.

The amount of contingent liability for rebate may change as a result of future events. Therefore, any potential rebate liability is only an estimate and is not required to be paid or accrued at December 31, 2021.

**Note 15: RISK MANAGEMENT/JOINT INSURANCE POOLS**

The County is partially self-insured for Medical and Prescription Drug coverages, Property Damage, Automobile/General Liability, Crime and Workers' Compensation, with excess insurance on all coverages. The County and its boards, agencies, authorities and commissions presently purchase insurance or self-insure against risks of damage to persons or property of third parties, workers' compensation claims and claims against public officials through the Camden County Insurance Commission (the "Commission"), established on January 21, 2010, by Board resolution pursuant to N.J.S.A. 40A:10-6. The Commission is governed by three County officials who serve as commissioners and are appointed by the Board. Excess insurance is managed by the New Jersey Counties Excess Joint Insurance Fund, established in March 2010. As of December 31, 2020, member counties in New Jersey include the County, the County of Gloucester, the County of Union, the County of Burlington, the County of Cumberland, the County of Atlantic, the County of Mercer, the County of Hudson, the County of Ocean and the County of Monmouth.

The Fund provides its members with the following coverage:

Workers' Compensation and Employer's Liability	Motor Vehicles
Liability other than Motor Vehicles	Environmental Impairment Liability
Property Damage other than Motor Vehicles	

Through membership in the New Jersey Counties Excess Joint Insurance Fund, the County receives the following ancillary insurance coverage:

Public Officials Liability/Employment Practices Liability	Medical Professional Liability
Crime	Employed Lawyers Liability
Pollution Liability	

Contributions to the Fund, are due and payable annually and are based on actuarial assumptions determined by the Fund's actuary.

The Funds publish financial reports which can be obtained from the County finance office.

**Note 15: RISK MANAGEMENT/JOINT INSURANCE POOLS (CONT'D)**

The County also maintains the following self-insurance balances:

The balance in the Reserve for Workers' Compensation Insurance Trust Fund was \$4,098,995.33 at December 31, 2021. The County maintains commercial excess coverage for claim amounts.

The balance of the Reserve for General Liability Insurance was \$10,681,108.88 at December 31, 2021. During 2010 the County joined the New Jersey Counties Excess Joint Insurance Fund to cover claims for general liability. The reserve at year end is available to pay claims.

The balance of the Reserve for Health Benefits Trust Fund was \$39,826,437.84 at December 31, 2021.

The management of the County believes that the above reserves are adequate to meet the needs of the County for the coming year and any additional funding required for claims in excess of the trust fund's reserves will be paid and charged to future budgets.

There have been no settlements that exceed the County's coverage for years ended December 31, 2021, 2020, and 2019.

**Note 16: COUNTY GUARANTEES****Authorities of the County**

The County has created three countywide authorities, the Camden County Municipal Utility Authority, the Camden County Improvement Authority and the Pollution Control Financing Authority of Camden County.

The following information applies to each of the Authorities and should be noted: none of the Authorities have the power to levy or collect taxes. The debt issued by any one of the Authorities is neither a debt nor a liability of the State, the County (except to the extent of any deficiency agreement or guarantee), nor any political subdivision of the State, except the respective Authorities.

**Camden County Municipal Utilities Authority**

The Camden County Municipal Utilities Authority ("CCMUA") is a public body politic and corporate of the State of New Jersey and was originally created as the Camden County Sewerage Authority ("Sewerage Authority") by a resolution of the County Board of Commissioners ("County Board") adopted December 5, 1967. The Sewerage Authority was reorganized in 1972 as a utilities authority and changed its name to the Camden County Municipal Utilities Authority pursuant to a resolution of the County Board adopted April 13, 1972. The CCMUA operates under the supervision of nine commissioners who are appointed by the County Board for five year staggered terms. The County has entered into a Deficiency Agreement with the CCMUA ("Deficiency Agreement") whereby the County is obligated to pay to the CCMUA any annual charges equal to any deficits in CCMUA revenues necessary to pay or provide for (i) operation and maintenance expenses of the CCMUA's regional sewer system, (ii) principal and interest payments on bonds and notes of the CCMUA in an aggregate principal amount not to exceed \$685,500,000 and (iii) the maintenance of reserves required under the Bond Resolution securing the CCMUA's bonds and notes. The obligation of the County, pursuant to the provisions of the Deficiency Agreement, is a direct and general obligation of the County, and any annual charges are ultimately payable by the County to meet its obligations under the Deficiency Agreement. To date, no payments have been required to be made by the County pursuant to the Deficiency Agreement. The County and the CCMUA may agree to amend the Deficiency Agreement at any time to increase the obligation of the County thereunder.

**Note 16: COUNTY GUARANTEES (CONT'D)****Camden County Municipal Utilities Authority (Cont'd)**

The CCMUA owns and operates a sewerage collection and treatment system, which serves all County residents, connected to local sewer collection systems. The CCMUA's system does not include the local sewage collection system of any CCMUA participant, but it owns and operates interceptor sewer lines connecting the local systems to the CCMUA's sewage treatment facilities.

The CCMUA is required to charge and collect service charges for the use of its facilities such that revenues of the CCMUA will at all times be adequate to pay all operating and maintenance expenses, including reserves, insurance, extensions and replacements, and to pay punctually the principal of and interest on any bonds and notes, and to maintain reserves and sinking funds therefore as may be required by the terms of any agreements with the holders thereof.

The CCMUA's debt at December 31, 2021 was \$200,713,994. The County guarantee is limited to \$685,500,000.

**Camden County Improvement Authority**

The Camden County Improvement Authority ("CCIA") is a public body corporate and politic of the State of New Jersey and was created by a resolution of the County Board of Commissioners ("the County Board"). The CCIA operates under the supervision of a five member Board who are appointed for five year staggered terms by the County Board. The Lease Revenue Bonds are payable from, among other things, the basic lease payments to be made by the County under the Lease Purchase Agreement. **Note 18: CONTINGENT LIABILITIES****Pollution Control Financing Authority of Camden County**

Pursuant to the New Jersey Pollution Control Financing Law, constituting Chapter 376 of the Pamphlet Laws of 1973 of the State of New Jersey (N.J.S.A. 40:37C-1 et seq.), as amended and supplemented ("Pollution Control Law"), and the Solid Waste Management Act, constituting Chapter 39 of the Pamphlet Laws of 1970 of the State of New Jersey (N.J.S.A. 13:1E-1 et seq.), as amended and supplemented ("Solid Waste Management Act"), the State Legislature initiated a comprehensive statutory mechanism for the management of solid waste disposal in the State. Subsequently, as a result of certain rulings, the management of solid waste disposal within the State changed. See "The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit" below.

Acting pursuant to the Pollution Control Law, the Board established the Pollution Control Financing Authority of Camden County ("PCFA") which implemented a County-wide solid waste disposal and resource recovery system, consisting of two primary components.

The first component is a 1,050 ton-per-day mass burn, waste-to-energy, facility, located in Camden City ("Resource Recovery Facility"). The Resource Recovery Facility was constructed and is owned and operated by Camden County Energy Recovery Associates, L.P. ("Partnership"), a New Jersey limited partnership. Prior to August 19, 2013, the general partner of the Partnership was a second-tier wholly-owned subsidiary of Foster Wheeler Ltd. On August 19, 2013, the prior general partner sold its partnership interest in the Partnership to a subsidiary of Covanta Energy Corporation.

Two solid waste franchises were granted by the New Jersey Department of Environmental Protection ("NJDEP"), which franchises, when granted, collectively required the disposal and processing of the municipal solid waste generated in each municipality within the County to occur at the Resource Recovery Facility and the Landfill (as hereinafter defined). The disposal and processing of the solid waste generates electrical energy, which is sold by the Partnership to an electric utility pursuant to a power purchase agreement. The second component is the Pennsauken Sanitary Landfill ("Landfill") where disposal of bypass waste and residue from the operation of the Resource Recovery Facility and disposal of construction and demolition waste take place.

**The Financing of the Solid Waste Management System of the County**

In order to finance the infrastructure required to implement the County's solid waste management system, including the construction of the Resource Recovery Facility, several series of bonds were previously issued by the PCFA, all of which have been fully amortized or paid. Accordingly, there are no remaining outstanding debt obligations of the PCFA related to the implementation of the County's solid waste management system.

Notwithstanding the foregoing, the PCFA has specific ongoing reimbursement obligations pursuant to and in accordance with that certain Emergent Funding and Reimbursement Agreement, dated November 29, 2010, between the PCFA and the State, acting by and through the NJDEP ("Reimbursement Agreement").

Pursuant to the Reimbursement Agreement, the PCFA was permitted to utilize certain unrestricted and restricted funds of the PCFA, and the State agreed to appropriate and provide certain monies to the PCFA, in an amount sufficient to pay the final principal payment and interest due on the PCFA's then-outstanding solid waste resource recovery revenue bonds ("Remaining Bond Payment"). Specifically, pursuant to the Reimbursement Agreement: (i) the PCFA utilized \$1,550,305.55 of available funds in its bond indenture accounts; (ii) the PCFA utilized \$3,449,694.45 of its unrestricted funds; (iii) the State provided \$2,100,000 in funds to the PCFA from funds made available pursuant to an appropriation in the Fiscal Year 2011 Appropriations Act; and (iv) pursuant to an administrative consent order executed by the Commissioner of the NJDEP, dated November 29, 2010, the PCFA was permitted to utilize \$10,106,062.50 from its Statutory Escrow Accounts ("Statutory Accounts") and \$8,000,000 from its

**Note 18: CONTINGENT LIABILITIES (CONT'D)****Pollution Control Financing Authority of Camden County (Cont'd)****The Financing of the Solid Waste Management System of the County (Cont'd)**

Board of Public Utilities Closure Account ("BPU Closure Account" and together with the Statutory Accounts, the "Restricted PCFA Funds"), for the purpose of making the Remaining Bond Payment.

As a condition to the utilization of the Restricted PCFA Funds, the terms and provisions of the Reimbursement Agreement require the PCFA to provide annual reimbursement to the Restricted PCFA Funds of the amounts previously withdrawn, together with accrued interest thereon ("Total Reimbursement Amount"), in whole or in part, as applicable, by depositing certain available funds of the PCFA (including certain appropriations made by the State, if available) back into the PCFA Restricted Funds over a term of years ("NJDEP Reimbursement"). Specifically, the PCFA is required to include in its annual budget, beginning with its budget for fiscal year 2011, an amount equal to the "Estimated Net Available Funds" of the PCFA, which includes the estimated funds available for the reimbursement of the Restricted PCFA Funds, calculated as the estimated total annual gross receipts, revenues and proceeds estimated to be received by the PCFA from operations, dispositions or any other source, less all anticipated expenditures for such fiscal year, including, without limitation, all operating costs, payments on indebtedness, general and administrative expenses, and all reserves of the PCFA. On December 31 of such year, the PCFA is required to deposit into the Restricted PCFA Funds the actual amount of funds then available, together with any available appropriations made by the State to the PCFA in such year, for purposes of paying all or a portion of the Total Reimbursement Amount. Any amounts due and owing relative the Total Reimbursement Amount shall be carried over into the subsequent year until such time as the Total Reimbursement Amount is paid in full (anticipated within five (5) years from 2011). The parties to the Reimbursement Agreement are presently negotiating a Term Sheet regarding potential modifications of the Reimbursement Agreement. Until such negotiations are completed and the modifications of the Reimbursement Agreement are executed, the terms of the Reimbursement Agreement remain unchanged. At the present time, it is not possible to determine when the PCFA will be able to complete the reimbursement of the escrow funds. The Reimbursement Agreement provides that the reimbursement obligation shall continue from year to year until such time as the reimbursement obligation has been paid in full.

**The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit**

On May 1, 1997, in Atlantic Coast Demolition & Recycling, Inc. v. Board of County Commissioners of Atlantic County, 112 F.3d. 652 (3d Cir. 1997), the United States Court of Appeals for the Third Circuit held that New Jersey's solid waste management system unconstitutionally discriminates against out-of-state operators of waste disposal facilities and, therefore, violates the Commerce Clause of the United States Constitution. Certain parties in the Atlantic Coast litigation filed a petition for writ of certiorari with the United States Supreme Court seeking a review of the decision of the Third Circuit. On November 10, 1997, the United States Supreme Court denied the petition for writ of certiorari.

Based upon the Atlantic Coast decision, the method used to select and operate the Resource Recovery Facility and the Landfill as the facilities designated for the disposal of all of the solid waste generated by each county within the County appeared to unconstitutionally restrict interstate commerce.

On January 29, 1996, following an interim ruling in the Atlantic Coast case which invalidated regulatory flow control for certain construction and demolition waste ("C&D Waste"), the PCFA reduced tipping fees for C&D Waste delivered to the Landfill to a reduced market rate. On November 17, 1997, following the denial of certiorari by the United States Supreme Court in the Atlantic Coast case, the Partnership unilaterally reduced system tipping fees being collected by the Partnership at the Resource Recovery Facility to a level less than that imposed by the PCFA. This was a response by the Partnership to price competition and the resulting decrease in the volume of solid waste being delivered for processing at the Resource Recovery Facility.

**Note 18: CONTINGENT LIABILITIES (CONT'D)****Pollution Control Financing Authority of Camden County (Cont'd)****The Atlantic Coast Decision of the United States Court of Appeals for the Third Circuit (Cont'd)**

Since that time, tipping fees at the Resource Recovery Facility have been reduced and/or increased to a market competitive rate in an effort to maximize operating revenues.

**The Response of the County to the Atlantic Coast Decision**

In an attempt to address, among other things, the structure of the County's solid waste management plan in the aftermath of the Atlantic Coast decision, on September 18, 1997, the Board adopted a resolution authorizing an amendment to the solid waste management plan of the County. The plan amendment is entitled "A Strategy for the Disposal of Solid Waste Generated Within the Camden County Solid Waste Management District and for the Satisfaction of Solid Waste Disposal Related Debt Obligations After the Implementation of the Atlantic Coast Court Decision" ("September 1997 Solid Waste Management Plan Amendment"). The September 1997 Solid Waste Management Plan Amendment directed that the PCFA procure disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. Further, the PCFA was directed to continue to aggregate its disposal and administrative costs and impose a unified tipping fee on all waste collected for disposal within the County.

On November 14, 1997, the Commissioner of the NJDEP issued a certification with respect to the September 1997 Solid Waste Management Plan Amendment of the County ("NJDEP Certification"). The NJDEP granted approval with regard to that aspect of the September 1997 Solid Waste Management Plan Amendment governing the procurement of disposal capacity using methods that comply with the laws governing public contracts and in a manner that does not discriminate against interstate commerce. However, since the procurement process had not yet been completed, such NJDEP approval of this aspect of the September 1997 Solid Waste Management Plan Amendment was made contingent upon receipt by the NJDEP of a subsequent amendment or administrative action that documents the awarding of a nondiscriminatory bid contract(s).

Finally, the NJDEP determined to be unenforceable the establishment by the September 1997 Solid Waste Management Plan Amendment of flow control during the interim period between judicial abrogation of the then current disposal contracts and the completion of the procurement of new disposal capacity in a manner that does not discriminate against interstate commerce. The NJDEP has concluded that the lifting by the Third Circuit of the District Court's stay of the injunction against the enforcement of flow control precludes even this interim control of flow as anticipated by the September 1997 Solid Waste Management Plan Amendment.

For the purpose of responding to the remaining issues cited by the NJDEP Certification, on December 29, 1997, the Board adopted a resolution authorizing a further amendment to the solid waste management plan of the County. The plan amendment is entitled "A Modified Strategy for the Disposal of Solid Waste Generated within the Camden County Solid Waste Management District, Following the November 10, 1997 Implementation of the Atlantic Coast decision, and Following the New Jersey Department of Environmental Protection's Acceptance in Part, Rejection in Part and Remand in Part of Camden County Plan Amendment 81-9-97 Adopted September 18, 1997" ("December 1997 Solid Waste Management Plan Amendment"). In compliance with the NJDEP Certification, the December 1997 Solid Waste Management Plan Amendment deleted from the solid waste management plan of the County the establishment of flow control during the interim period between judicial abrogation of the disposal contracts and the completion of procurement of new disposal capacity in a manner that does not discriminate against interstate commerce.

**Note 18: CONTINGENT LIABILITIES (CONT'D)****Pollution Control Financing Authority of Camden County (Cont'd)****The Response of the County to the Atlantic Coast Decision (Cont'd)**

The December 1997 Solid Waste Management Plan Amendment was submitted to the NJDEP for consideration of approval. On June 29, 1998, the Commissioner of the NJDEP issued a certification with respect to the December 1997 Solid Waste Management Plan Amendment. The NJDEP, among other things, (i) approved the deletion of the reference to the retention of regulatory flow control during the interim period prior to completion of nondiscriminatory reprocurement, and (ii) approved the inclusion of a strategy to complete a nondiscriminatory procurement process and to thereby regulate the flow of waste as a market regulator (although the NJDEP stressed that separate approval of the actual results of such reprocurement will be required).

On December 5, 1997, the PCFA opened bids and proposals submitted with respect to the reprocurement by the PCFA of solid waste disposal services. For a period of time thereafter, the bids and proposals, as well as supplements thereto solicited by the PCFA during 2000, were considered by the PCFA and its professional advisors. During a portion of such period, the PCFA engaged in substantive negotiations with the Partnership, as one of the responding proposers, for the purpose of attempting to agree upon the final terms and conditions of a long-term solid waste services disposal agreement. Upon the completion of such process, the contract for the reprocurement of solid waste disposal services was awarded by the PCFA to the Partnership. Such contract between the PCFA and the Partnership (the "Reprocurement Agreement") was signed on July 25, 2001, and on such date such Reprocurement Agreement was submitted by the PCFA to the State for approval, in satisfaction of applicable statutory requirements. In response to the submission to the State by the PCFA, the State submitted questions to the PCFA via interrogatories. The PCFA responded to the interrogatories of the State on November 5, 2001 and has not received further communication from the State with regard to the Reprocurement Agreement. The period during which the State may approve or reject the Reprocurement Agreement has lapsed. The obligations of the PCFA and the Partnership pursuant to the terms of the Reprocurement Agreement were subject to the satisfaction of certain conditions precedent identified in the Reprocurement Agreement. Such conditions precedent were not satisfied by the specified date and, therefore, the Reprocurement Agreement has automatically terminated. No further reprocurement agreements were executed. The 1985 Service Agreement between the PCFA and the Partnership expired on July 1, 2011.

**Proposed Dissolution of the PCFA**

The County has preliminarily determined that the best interests of the residents of the County would be served by the dissolution of the PCFA to be accomplished pursuant to the requirements of the Local Authorities Fiscal Control Law, N.J.S.A. 40A:5A-1, et seq., as amended and supplemented ("Local Authorities Fiscal Control Law"), including N.J.S.A. 40A:5A-20. The County has also preliminarily determined that the dissolution of the PCFA could result in savings to the County by reducing overall costs by combining operations and providing services in a more efficient manner.

In connection with the proposed dissolution, the County, the PCFA and the CCIA have collectively preliminarily determined that it would be in the best interests of the residents of the County for the CCIA to: (i) upon dissolution, on a going-forward basis, assume the responsibility and otherwise provide for the payment of all creditors or obligees of the PCFA, (ii) assume ownership of the Landfill, and (iii) provide all of those services previously provided by the PCFA. On April 14, 2011, the Commissioners of the CCIA adopted a resolution preliminarily authorizing the CCIA, upon dissolution, on a going-forward basis, to assume responsibility and otherwise provide for the payment of all creditors and obligees of PCFA upon dissolution of PCFA and to assume ownership and operation of the Landfill ("CCIA Assumption Resolution").

**Note 18: CONTINGENT LIABILITIES (CONT'D)****Pollution Control Financing Authority of Camden County (Cont'd)**

Finally, the PCFA has preliminarily determined to voluntarily accede to the dissolution and to cooperate with the County and the CCIA in connection with the dissolution and transfer of the Landfill and other assets of the PCFA to CCIA. To that end, the PCFA adopted resolutions on March 22, 2011 and May 24, 2011, preliminarily authorizing the dissolution and the transfer of the PCFA's assets and liabilities to the CCIA.

Pursuant to Section 20 of the Local Authorities Fiscal Control Law, the PCFA may be dissolved by the County, subject to approval of the Local Finance Board. On May 19, 2011, the Board of Commissioners of the County introduced an ordinance authorizing the dissolution of the PCFA and making certain other determinations in connection therewith ("Dissolution Ordinance"). The Dissolution Ordinance provides, as a condition to dissolution, for the CCIA to provide, upon dissolution, on a going-forward basis, for the payment of all creditors and obligees of the PCFA (including the NJDEP). The CCIA Assumption Resolution provides for the CCIA, upon dissolution, on a going-forward basis, to be responsible for all of the PCFA's outstanding obligations (including the NJDEP Reimbursement) and for the provision of all of the services previously provided by the PCFA, including ownership and operation of the Landfill and to take possession of any and all assets and property (including real property), rights and privileges of the PCFA, including contract rights, permits, claims, defenses, causes of action, and all tangible and intangible interests.

In accordance with the Local Authorities Fiscal Control Law, the County and the CCIA are in the process of completing an application to be submitted to the Local Finance Board seeking approval for the final adoption of the Dissolution Ordinance. As of the date hereof, however, no such application has been filed. Upon filing to and approval from the Local Finance Board for the final adoption of the Dissolution Ordinance, the County, the PCFA and the CCIA shall undertake and complete all legal and procedural requirements necessary to effectuate the dissolution of the PCFA and the transfer of the PCFA's assets and liabilities to the CCIA as described above. Additionally, upon determination to proceed with the filing of an application to the Local Finance Board, the PCFA and the CCIA shall undertake and complete all necessary procedural and legal requirements relative to the transfer of the Landfill and related assets to the CCIA upon dissolution of the PCFA.

**Litigation Concerning the Pennsauken Sanitary Landfill**

The PCFA acquired the Pennsauken Sanitary Landfill ("Landfill") from the Township of Pennsauken ("Pennsauken") and the Pennsauken Solid Waste Management Authority ("PSWMA") in December 1991, pursuant to the provisions of the Amended and Restated Operations Transfer Agreement, dated October 11, 1991 (the "AROTA"), among the PCFA, the PSWMA, Pennsauken and the County. Prior to that time, the Landfill was operated by the PSWMA on land owned by Pennsauken. Since acquisition the PCFA has continued to operate the Landfill for disposal of bypass waste, residue from the operation of the Resource Recovery Facility, and the disposal of construction and demolition waste.

There are long-standing claims regarding the remediation of the contamination of the Landfill. The PSWMA executed an Administrative Consent Order ("ACO") with the New Jersey Department of Environmental Protection in December 1988. The ACO obligated the PSWMA to remediate contamination caused by the Landfill. The PCFA assumed the remediation obligations of the PSWMA pursuant to the AROTA. The PCFA, PSWMA and Pennsauken were plaintiffs in ongoing litigation seeking the recovery of costs associated with remediation necessary pursuant to the ACO. Counterclaims were made against Pennsauken. Pennsauken was represented by counsel for one of its insurance carriers. Trial in this litigation commenced on January 20, 2009. By the end of the second day of trial, all claims in the litigation were settled in principle. The PCFA and some defendants continue to review and execute settlement agreements. Pursuant to the settlement agreements, all defendants have been given releases and indemnification protection by the PCFA and Pennsauken. Settlement documents with Ward Sand and Materials Company and James D. Morrissey, Inc. (the "Ward Sand parties") (the prior landfill owner and operator) are in the process of being finalized. In the meantime, the

**Note 18: CONTINGENT LIABILITIES (CONT'D)****Pollution Control Financing Authority of Camden County (Cont'd)**

Ward Sand parties have satisfied their payment obligations. Pursuant to the ACO, the PCFA is primarily responsible for the liability associated with the contamination at the Landfill either directly as a successor to the PSWMA under the ACO or indirectly through the indemnification provisions of the AROTA. In the event that the litigation settlement proceeds are not sufficient to remediate the contamination at the Landfill, Pennsauken could be potentially responsible pursuant to the indemnification provisions in the various settlement agreements. Additionally, it is possible that the County could be responsible for all or a portion of such liability under the AROTA. To date, \$15,603,370.29 in settlement proceeds have been collected from all of the settling parties. Recent estimates project that the remediation cost to be approximately this amount or less. They are premised on the designed system accomplishing the remediation as presently designed. Design modifications could be necessary. Additionally, it is presently anticipated that the remediation can accomplish the desired goals in approximately 10-30 years. Contingencies could arise which could impact the design of the remediation system or the length of time in which it must be in operation. Therefore, it is impossible to determine at this time what the exact cost of the PCFA's remediation obligations will be. While it is impossible to estimate the likelihood of such an outcome, any such liability of the PCFA and/or the County could have a material adverse impact upon their respective financial conditions. In the event of a dissolution of the PCFA, any existing or potential liabilities of the PCFA would pass to the CCIA.

**Note 19: OPEN SPACE, RECREATION, FARMLAND AND HISTORIC PRESERVATION TRUST**

On November 3, 1997, pursuant to P.L. 1997, c. 24 (N.J.S.A. 40:12-15.1 et seq.), the voters of Camden County authorized the establishment of the Camden County Open Space, Recreation, Farmland and Historic Preservation Trust Fund effective January 1, 1998, for the purpose of raising revenue for the acquisition of lands and interests in lands for the conservation of farmland and open space. The County proposed to levy a tax not to exceed one cent per one hundred dollars of equalized valuation. On November 8, 2005, the County of Camden proposed to levy an additional one cent per one hundred dollars of equalized valuation. Amounts raised by taxation are apportioned by the County Board of Taxation among the municipalities in accordance with N.J.S.A. 54:4-9 and are assessed, levied and collected in the same manner and at the same time as other County taxes. Future increases in the tax rate or to extend the authorization must be authorized by referendum. All revenue received is accounted for in a Trust Fund dedicated by rider (N.J.S.A. 40A:4-39) for the purposed stated. Interest earned on the investment of these funds is credited to the Camden County Open Space, Recreation, Farmland and Historic Preservation Trust Fund.

**Note 20: CHANGE ORDERS**

During the year 2021, the County amended contracts by approving the following change orders that resulted in the total amount of change orders executed for these projects to exceed the originally awarded contract price by more than twenty percent (20%):

<u>Bid Number</u>	<u>Project Description</u>
B10-2021	Improvements to Haddonfield-Sorrel House Road (CR 644) from Maple Avenue (CR 537) to NJSH Route 90 Ramp Located in the Township of Pennsauken, Camden County

N.J.A.C. 5:30-11.3 (a) 9 and 10 states that the total number of change orders executed for a particular contract shall not cause the originally awarded contract price to be exceeded by more than twenty percent (20%) unless otherwise authorized, and that if proposed change orders do exceed that twenty percent limitation, no work shall be performed or purchases made until the procedures of N.J.A.C. 5:30-11.9 have been completed.

N.J.A.C. 5:30-11.9 delineates the required procedures for change orders, which exceed the twenty percent (20%) limitation. The County has complied with all provisions of N.J.A.C. 5:30-11.9.

**Note 21: CONTINGENCIES**

**Grantor Agencies** - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the County expects such amount, if any, to be immaterial.

**Litigation** - The County is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the County, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements **with the exception** of the eventual resolution of the litigation involving the Pollution Control Financing Authority (see Note 18).

**Note 22: CONCENTRATIONS**

The County depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the County is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

**Note 23: TAX ABATEMENTS**

Municipalities within the County are authorized to enter into property tax abatement agreements for commercial and industrial structures under N.J.S.A. 40A:21-1 (Chapter 441, P.L. 1991) known as the "Five Year Exemption and Abatement Law". Under this law, municipalities may grant property tax abatements for a period of five years from the date of completion of construction for the purpose of encouraging the construction of new commercial and industrial structures. The first calendar year following completion, 0 percent of taxes are due, and each subsequent calendar the percentage of taxes due increases by 20 percent. During the 6<sup>th</sup> calendar year, 100 percent of taxes are assessed and due. The property owner agrees that the payment in lieu of taxes shall be made to the municipality in quarterly installments on those dates when real estate tax payments are due. Failure to make timely payments shall result in interest being assessed at the highest rate permitted for unpaid taxes and a real property tax lien on the land.

For 2021 the Abstract of Ratables for Camden County indicated 23 of 37 municipalities abated property taxes under this program. The total assessed value abated was \$71,983,060.00. Municipalities also granted various other abatements of which the dollar amount of assessments is not readily available. The County receives 100% of its tax levy from each of the municipalities within the County and does not have any reduction in revenue as a result of these tax abatement programs.

**Note 24: SUBSEQUENT EVENTS**

**Authorization of Debt** - Subsequent to December 31, the Board of Commissioners authorized additional bonds and notes as follows:

	Adopted: May 19, 2022	

**Note 24: SUBSEQUENT EVENTS (CONT'D)**

**COVID-19** - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the County's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the County is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for calendar year 2022.

**APPENDIX C**

**FORM OF BOND COUNSEL OPINION**

[Date of Closing]

The Board of Commissioners of the  
County of Camden, New Jersey

Ladies and Gentlemen:

We have acted as bond counsel to the County of Camden, New Jersey (the “County”) in connection with the issuance and sale by the County of its \$\_\_\_\_\_,\_\_\_\_\_,\_\_\_\_\_  
principal amount of Bond Anticipation Notes, Series 2023A (the “Notes”). In this capacity, we have examined a certified copy of a record of proceedings of the Board of Commissioners of the County and such other proofs, documents and instruments submitted to us which we deemed pertinent relative to the issuance and sale by the County of the Notes.

The Notes are dated the date hereof, mature on May 22, 2024 and bear interest at the rate of \_\_\_\_\_ per centum per annum. The Notes are in registered form and are issued pursuant to the Local Bond Law, constituting Chapter 2 of Title 40A of the Revised Statutes of New Jersey (the “Local Bond Law”), various bond ordinances duly adopted by the Board of Commissioners of the County and published as required by law, and a resolution adopted by the Board of Commissioners of the County on April 20, 2023 (the “Resolution”).

We are of the opinion that such proceedings, proofs, documents and instruments show lawful authority for the issuance and sale of the Notes pursuant to the Local Bond Law and other applicable statutes, and that the Notes are valid and legally binding obligations of the County, all the taxable property within the jurisdiction of which is subject to the levy of ad valorem taxes for the ultimate payment of the principal of and interest on said Notes without limitation as to rate or amount.

We are further of the opinion that based upon existing law, interest on the Notes is excluded from the gross income of the owners of the Notes for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and interest on the Notes is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax imposed on individuals. However, interest on the Notes may be taken into account in determining “adjusted financial statement income” for purposes of computing the alternative minimum tax imposed on certain “applicable corporations” for tax years beginning after December 31, 2022.

We are further of the opinion that under existing law, interest on the Notes and net gains from the sale of the Notes are exempt from the tax imposed by the New Jersey Gross Income Tax Act.

With respect to our Federal income tax opinion, we note that the Code imposes certain requirements that must be met on the date of issuance of the Notes and on a continuing basis subsequent to the issuance of the Notes in order for interest on the Notes to be excluded from gross income for federal income tax purposes under Section 103 of the Code. Failure of the County to comply with such requirements may cause interest on the Notes to lose the exclusion from gross income for federal income tax purposes, retroactive to the date of issuance of the Notes. The County has made representations in the Tax Certificate for the Notes, dated as of the date hereof, as to various tax requirements. In addition, the County has covenanted to comply with the provisions of the Code applicable to the Notes and has covenanted not to take any action or fail to take any action that would cause the interest on the Notes to lose the exclusion from gross income for federal income tax purposes under Section 103 of the Code or cause interest on the Notes to be an item of tax preference under Section 57 of the Code. With your permission, we have relied upon the representations made in the Tax Certificate and we have assumed continuing compliance by the County with the above covenants in rendering our federal income tax opinion with respect to the exclusion of interest on the Notes from gross income for federal income tax purposes and with respect to the treatment of interest on the Notes for purposes of the alternative minimum tax.

Attention is called to the fact that for purposes of this opinion letter we have not been requested to examine and have not examined any documents or information relating to the County other than the certified copies of the proceedings, proofs, documents and instruments hereinabove referred to, and no opinion is expressed as to any financial or other information, or the adequacy thereof, which has been or may be supplied to any purchaser of the Notes.

It is to be understood that the rights of the holders of the Notes and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined an executed Note and, in our opinion, the form of said Note and its execution are regular and proper.

The opinions expressed herein are based upon the laws and judicial decisions of the State of New Jersey and the federal laws and judicial decisions of the United States as of the date hereof and are subject to any amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for our opinions, or laws or judicial decisions hereafter enacted or rendered. Our engagement by the County with respect to the opinions expressed herein does not require, and shall not be construed to constitute, a continuing obligation on our part to notify or otherwise inform the addressee hereof of the amendment, repeal or other modification of the applicable laws or judicial decisions that served as the basis for

this opinion letter or of laws or judicial decisions hereafter enacted or rendered which impact on this opinion letter.

This opinion letter is rendered to you in connection with the above described transaction. This opinion letter may not be relied upon by you for any other purpose, or relied upon by, or furnished to, any other person, firm or corporation without our prior written consent. This is only an opinion letter and not a warranty or guaranty of the matters discussed herein.

Very truly yours,
